1 - Muffins, kissing, and asteriods! :)

Kylie looked over at Zim. He yawned. He was bored of traveling though space. He wanted to get to Earth to destroy Dib. Kylie's Sir unit, PIR, was in the back of the voot cruiser eating muffins. Kylie was just sitting there. She looked over at him again and smiled weakly. All of a sudden she reached out and grabbed his shirt and pulled him towards her. Their lips met. Zim was scared at first but soon his arms were wrapped around her. Little did they know that they were about to crash!!! The was a giant asteroid right there in front of them! PIR jumped up to see what they were doing.

"We're gonna CRASH!" Screamed PIR. They were deep kissing now/not listening. PIR quickly pressed the "Auto-Save" button. The zipped around the asteriod at the last second.

"What were you guys doing" Asked PIR a while later.

"We were..." Zim said blushing.

"We were kissing." Said Kylie.

"What's that?"

"It's something people do when they're in love!"

"You mean..."

"Yes." Said Zim blushing again. "We're in love" :)
