Kara: *pokedex out scanning Dashu* I Knew he was gona do that... HANA DODGE!

Hana Dodged and Dashu's Glowing or should I say "Shocking" teeth Bit straight into the Puddle of Rain Water...Dashu's teeth stuck dug into the Bottom of the Puddle, Kept Him there as all of his POWERFUL Thunder and energy were Released into the Water and Shocked anything Toughing it...Including Dashu. Normaly Electricy and Lighting would be absorbed by an electric type like dashu but... Unfortunetly for Dashu, All the Power Being Absorbed was being released thru his teeth and BACK into the Water, Shocking him again and AGAIN with some VERY POWERFUL Lighting and Electricity... Dashu was Over charged and Totaly weak from being shocked with all the Extra Electricity and Naturally...He Fainted... and as he did all the water was turned into steam from all the Electricity

Leo ran up to dashu and lefted him up and Pulled him and his teeth out of the ground

Lily: Now... Let's Catch em!
