<b>Chapter 1 - The Beginning</b>	<b>2</b>
<b>Chapter 2 - Realization</b>	<b>3</b>
<b>Chapter 3 - The Ending</b>	<b>4</b>

# 1 - The Beginning

The first time that we went out  
You were so sweet to me  
Soon I wanted to scream and shout  
But I had to hide it so no one would see  
Who you really were with me....

The feeling felt so right  
But there was something in your eyes  
And if together you'd always start a fight  
You said that you cared but I knew every word were lies  
All the feelings that I'd hide so no one would see  
Who you really were with me....

## 2 - Realization

With every hit and push that you'd make  
Made a dent in my heart  
All the feelings that I had, I'd fake  
So not to get hit or pushed, I soon fell apart  
Everything that you'd do I would hide so no one would see  
Who you really were with me....

Whenever you were near  
I'd always hear this voice  
Telling me you're my greatest fear  
And that I'd always have a choice  
Again I'd hide the truth so no one would see  
Who you really were with me....

### 3 - The Ending

When I think, time's gone by so fast  
I've grown strong despite what you'd say  
I never look back to our past  
Promised myself never get into that mess again, I'd pray  
And now I'm showing those who didn't see  
Who you really were with me....

Finally that I have broken free  
I can live my life and be who I can be  
And prove that I don't need you  
It hurts you to know that all I say is true...

Before you came my life was great  
Everything was going so well  
You then became the person that I hate  
That's when my life became a living hell.  
And for that I'm telling my story  
So that everybody knows the truth of what happened  
To ME.
