**Chapter 1 - Best Friends**

# 1 - Best Friends

## Best Friends

Best friends are not forever  
They never really stay together  
Behind your back, they rip you down  
They pretend to care when you're around.

Best friends ditch you for that hot guy  
Best friends would rather stay home and get high  
Best friends don't really care what you do  
Best friends are never there for you

They'll take your money  
They'll wreck your car  
They'll steal your boyfriend  
In every show, they're the star.

Everyday I hear you complain  
But with you, it's always the same.  
The girl you hate because she has bigger boobs.  
Those five pounds you still can't lose.

My best friend is not forever.  
We'll never really stay together.  
Behind my back, she rips me down.  
When I need her, she's never around.  
-We'll never be best friends-
