Each post is a different way to be evil. If you have a suggestion, just PM me and I'll post it up and give you credit.

Oh come on, SOMEBODY had to do it.

Chapter 1 - Method 1	2
Chapter 2 - Method 2	3
Chapter 3 - Method 3	4

1 - Method 1

- 1) Get yourself an enemy
- 2) Capture your enemy - don't kill him yet
- 3) Capture his family
- 4) Kill his family while forcing him to watch
- 5) Let him cry a little
- 6) Stab him...WITH A SPORK
- 7) Give him an evil monologue...make it torturously boring.
- 8) Now kill him...and start taking over the rest of the world

2 - Method 2

Note: This method will destroy the world...which is a bad thing...

1. Bomb Japan, China, India, and the US (all industry is now shut down)
2. Find people with AIDS/HIV - disperse them into Russia, Mexico, and Egypt and offer to pay for housing. (children with AIDS have low survival rate)
3. Get Europe POed with South America (Work off of soccer...)
4. Make medicine in Africa that will cure a lot of the diseases there - poison it a year later (sell under a different name, or get a buddy to do it)
5. Melt large portions of Greenland and Antarctica.
6. Take all plants that are still left and keep them under artificial climate so that you have most of the plants in the world - including crops.
7. MAKE MOOLAH! (and if that doesn't work, enslave the survivors)

3 - Method 3

1. Get yourself a "best friend" (preferably one that's stupid)
---If you already have a best friend that you don't like, this will work too.
2. Encourage them to get a boyfriend/girlfriend
3. Pay that boyfriend/girlfriend to have a good time with them (preferably not too involved and make it so they hang at a party)
4. Steal that boyfriend/girlfriend later with your amazing evil charisma
5. Post pictures of you and your boyfriend/girlfriend on FaceBook and continuously spam your "best friend".
6. When they start to get really POed with you, ditch the boyfriend and capture your best friend and hold them for ransom.
7. When the person you just ditched arrives (oh for evilness's sake, it's a guaranteed happening), capture them and blow them up!
8. Destroy all evidence in the explosion for the best effect.

Good luck ^^
