# 1 - Do You Think of Me When I'm Gone

Do you think of me when I m gone?

By cloudsfan09

*I knew I annoyed him sometimes and im pretty sure he despises me, but I still love him with all my heart, and he will accept me once his dreams come true.*

**Sakura you re going to be late for training.** These words just faded into her mind. Her sea green color eyes just shut once again as she dreamt, into a deep sleep.

***I wonder if he will notice my eyes, I notice his all the time. Sasuke&***

THUMP!

OOOOOWWWW!!!

Her butt had taking her down to earth. She arose to see her image in the mirror , long lush pink hair, and green eyes, a fit body to top those things. Today was the day she was going to do it, no matter what! She had built up enough courage to give Sasuke his birthday present, which his birthday was today. She had made some cakes and goodies for him to enjoy.

***What if he doesn t like it?&.no I mustn t think about the what if questions .***

She hurried outside to find people staring at her messy look, as she was still brushing her hair in the street. She then picked up the pace and ran through crowds and crowds of people.

**GOOD MORNING SAKURA!** a very annoying Naruto said to her.

**Naruto what are you doing here?** Sakura said

**Kakashi-sensei said we get the day off, because it s a holiday or something&.**

**Where s Sasuke?**

**it s always about Sasuke with girls, they should just rename the manga Sasuke, Sasuke, Sasuke&** Naruto walked away still complaining about Sasuke.

**Sakura then just ran down the street looking for his silence face in the crowd.**

***Where could he be?***

She then slammed into the back of someone in front of her. She looked up slowly to see the white pants, the blue shirt and then the face of an angel she had dreamt about earlier.

***Her words just became mumbles as she tried to talk to him, her heart became a jack hammer, and her eyes got wider.***

***She followed, and then said in a fast pace***

***Sasuke-kun Happy Birthday, here I made you a present I hope you like it !***

***he just looked at the present with confusion on his face.***

***There before him was a smashed cake in a dented in box, he walked away as she still bowed before him.***

***&. Oh no she thought someone must have step on it when I ran into Sasuke kun.***

***He was gone and the crowd started to disappear , it started raining and so did her eyes.***

***About an hour later the rain had drenched Sakura s clothes, and she felt sorta dizzy, her knees fell to the ground and so did the rest of her.***

***Her vision slowly faded and she saw the cake shashed cake slowly fade in to the senery.***

***Ch. 2 will be out in a week or so & sorry I left yah hanging there.***

## 2 - Is This Feeling Called Love?

Is This Feeling Called Love?

*I lay on the ground while my vision goes blurry, thinking of all the times I admired Sasuke, if I die now I will never&*

**PIT-PAT&PIT-PAT**

*The rain has stopped, but why?*

Are you alright? An unfamiliar voice asks

*As I close my eyes all I can see is that stupid smashed cake, and his& land of the waves headband.*

I awoke several hours later to a boy asleep next to me, he was just as good looking as Sasuke. He almost had a certain glow about him. As I sat up he fell sideways on his back and had a trail of drool following him from his face. When I tried to get up on my feet he grabbed them causing me to lose my balance, &and I fell right into his arms. This feeling of me in his arms was& was it love?

He held me closer until I couldn t breath I closed my eyes&

**You know it pretty easy, to see what your hobbies are now& he said in a faint voice**

*My eyes start to twitch as I figure out that he was awake this whole time.*

**PERVERT!**

**Smack!**

**WHAT WAS THAT FOR?** he asked

**YOU KNOW PERFECTLY WELL WHAT!** Sakura said angrily

*My eye brows were twitching from all of the commotion, he just sat there in his long loose white t-shirt and black jean and stared at me.*

**WHY ARE YOU STARING AT ME ? I SAID WITH MY EYE BROWS STILL TWICHING.**

You are truly beautiful when you re angry. He said in a shy voice.

**Smack!**

*He now had two red hand prints on the sides of his face, but he still smiled at her with kindness.*

*She looked confused as to why he still smiling at her.*

*His hidden mist headband slowing glimmered as the sunlight kissed its metal face.*

I look forward to fighting by your side &Sakura& he said and then just ran outside and jumped from tree to tree.

*She looked down at her bed covers and figured out she was In her own room.*

What did he mean by I look forward to fighting by your side ?

**Sakura you re going to be late for training!**

***uuuurrrrrggggghhhh! Not again!***

***As I walk into the forest where squad 7 trains I wonder about him& his eyes were a deeper green than my are, and his hair was a rich dark blond&no I mustn t think about him he is a PERVERT!***

***As I hang my head low I hear Kakashi-sensi calling me over, I walk closer and closer until the volume of his voice is crystal clear.***

**Sakura, I need you to show your new team mate around town today, so I can train the other two. Kakashi said with coolness in his voice.**

**What new teammate sen& but before she could finish her sentence the guy from this morning greeted her with a smile and a wave.**

**Hi I m your new teammate Skyer, but you can call me Sky!**

**Sasuke and Naruto looked surprised and just stop training, they hadn t seen him before, its as if had appeared out of no where.**

**I just felt like screaming&**

**Chappy 3. will come out soon**

### **3 - Exchange Student From the Land of the Waves**

*Exchange Student From The Land of the Waves ch.3*

*He smiles at me with the faded red slap marks still on his face*

A new teammate? a confused Naruto asked

*Sasuke just stood there glaring at sky with excitement*

**Sky was it?** Sasuke said still glaring at him

**And who might you be then?** he then face Sasuke

**Judging by your headband your from the land of the waves**

**And what if I am?**

*From that day on I knew that they were going to be bitter rivals, the way they stared into each other eyes.*

*Naruto, Sasuke today you two are going to spar, while Sakura enjoys her day off. Kakashi said with Ica Ica Paradise open in his hands.*

***Everyone could feel the tension in the air between all of us.***

***Oh right & this is Sky, he is an exchange student from the Land of the Waves . Kakashi said still holding that dirty book in his hands***

***The Sun had just broken always from the clouds***

***I felt a warm arm wrap around my waist and a lifting feeling. This warm feeling again. I closed my eyes as Sky carried me towards town by hopping from tree to tree.***

***I opened my eyes to see Sasuke in the background***

***Sasuke- Kun& I whispered to myself&***

***Soon in fifteen minutes we were back in Kohana village, walking through the streets.***

***Sakura have you seen any unfamiliar girls around your village?***

***My attention was drawn to him now***

***unfamiliar how?***

*There is this girl from the land of the waves, she is a rouge ninja, and her name is Ayame.*

*Wait is this the reason why he is here? Because I now know that he s not an exchange student*

*I lean in towards him a little closer to hear what he has to say&but when I did my feet collide with his and cause him to trip*

**BUMP**

*Sky had gone face first into the nearest woman closest to him& he slowly poked his head up from her chest and look up at her to see if she was angry*

*She smiled at first&.*

**SMACK**

**PERVERT!**

*The woman walked off fixing her hair in frustration and sky& was twitching on the ground with blood running down his nose*

*My eyes started twitching& why is he a ninja? He is so clumsy&*

*He brushed himself off after he laid on the ground for ten minutes*

*Little did we know that we were being watched by her&*

---

---

***Ayame the Rouge ninja P.O.V.***

***(she sits on top of a roof top)***

***You never do change Sky&***

***She smiled at Sakura helping the clumsy Sky up, then she placed her hand in front of her face and disappeared into the alley way***

---

---

***The air grows cold with the revengeful mist caused by her& Kakashi thought as Sasuke and Naruto continued to spar***

***Ayame why have you come back after all these years?&***

---

---

***So sorry I left u hanging there in chappy 4 you learn about ayame! And Sky s past&. well& Good bye 4 now =P***

Ayame finally was released and then ran down the opening of the alley.
