*something I did to go along with a peice of art I made. It was too big to scan, however, so you must remain content with just the poem.*

# 1 - truth

## Truth

Looking for the truth from behind a faceted lens,

Trying to comprehend everything in riddles,

Quietly screaming for an answer.

Looking only where the answer is not,

Missing by a thousand miles or missing by an inch,

Mistaking the shadows for a candle flame.

Wasted ink upon a page,

Leading to nothing and ending in shame.

When a dream within a dream

Makes more sense than reality,

And a glimpse into another's soul

Is found within his eyes,

Then the gateway of our mind is opened

And is diagnosed as insanity.
