<b>Chapter 2 - AGAIN!!!</b>	<b>6</b>

# 1 - the story starts

I looked behind me to see if the orphanidge people were still following us, i could hear shouting. I looked to see if Dark was still with me, thank god he was! My foot got caught in a root and i fell it didnt seem that Dark had noticed, i just lay listening to their voices coming nearer and nearer. Then something grabbed me over the mouth and pulled me into the bushes. They ran right past our bush and the hand released me. "Dark..." i whispered it so that they wouldnt hear, " **Light we cant be here! We have to escape out of these woods!**" "i know Dark, but u know ur the runner of us two! Its too hard for me to run as quickly as u!" "then ill carry u! Cause u cant be in this forest! Either theyll find u or ull kill ur self!" "ok, but lets hurry i can hear them coming back."

Dark is the one with the powers, i can only do a few tricks like: if there is something really awful coming towards me i can hide in a kind of bubble that u can neither see into or smell into. And i can paralyze things or people by sending lightning at them, but this takes most of my strength so i dont bother with it.

I woke up, at first i thought i all had been a dream but then i noticed a breeze blowing around my face. I knew that Dark was near me for i could feel his presence, but he was very tired. He had somehow gotten the backpack off my back and taken out the blankets and sleeping bags i had brought with me. "did u know wur as light as a feather?" he suddenly murmured. i laughed and sat up in my sleeping bag, "no i didnt!" i answered him in a mocking voice. "yeah well if u get any lighter ull just be skin and bones! Anyway i made u some soup." he said it in a serious voice so he couldnt be kidding. "thx. What kind is it?" "the only kind u like but its a bit runny." "thats ok i know ur no master chef, but i like tomato soup a bit runny." He came to me with the soup and sat down. I gave him a sisterly kiss on the cheek even though im not his sister, he blushed. "eat that soup or ill force ur mouth open and pour the soup into ur mouth!" i did as i was told cause i knew that he wasnt kidding. I finished eating and told him that he should get to bed and sleep for he looked like a zombie. We both went to bed and slept til morning when we could feel the ground vibrating from hundreds of hooves. " ehhh..... did i forget to mention that we are in a sheep meadow? ^-^;" Dark asked me in a forgiving way. I threw my pillow at him.

\*@ some wierd cabin we found ^-^;\*

"well this should hold us for a couple of days. Look theres´ even two beds! So u take one and lay down so i can have a real look at ur leg." that is a good plan i thought since my ankle had been hurting moore and more for each step i took. I told Dark this.

"... I dont really think its broken though more like sprained." i took some bandages out of my back pack. "is there anything that is not in ur back pack?????" Dark asked bewilderd.

"yes, my favorite plushie. U know Ms. Eladora." "the cat plushie uv had since u were 3?" "yes. Could u light a fire its getting cold." "yes ur highness!" Dark was mocking me for bossing him arround, well he did have a reason. "aw man... theres´ no wood! U stay here an ill get some. Now u dont awnser the door unless u can hear some whisteling." "fair enough." \*some minutes later\* i can hear someone humming... i dont know who it is. Then a deep males voice: "this must be the place where she is hiding! Hold that one still so he wont atack us again!" i gasped inside of me then i created a protection bubble arround me. The door opend, and there stood the orphanidge prinicipal. I saw Dark held tight by to wommen i recognized as the marton and the cook. I cryed silently even though they couldnt hear me. "SHE IS NOT HERE!!! WHERE IS SHE, BOY?!!!! I KNOW THAT U KNOW WHERE SHE IS!!!!!" "i dont know sir. If i did i wouldnt tell u anyway." tears were running uncontrolably down my face now. Dark knew where i was but he woudnt tell the principal! I love him higer than ever right now. I made it so that thye could hear me inside their heads. " release Dark and i will show my self!" they released Dark at once and he disapeared. "GHAAAAAAA!!!! THEY RELEASED HIM SO GET THE HEKE OUT HERE NOW!!!!" i awnserd him "when will u learn? A cheeta never cahnges her spots!" i said this because i had done this once before to him exept that was when i was 7 cause Dark had been in real trubble. I realized that they haddnt noticed that Dark was creeping away from them just like my strength was leaving me.

"I will get u some day! U and ur presious powers!" they left and i felt the scraps of my remaining strength leave me, the last thig i saw before i fell back on my pillow was Dark running towards me saing something but i ony heard one word: "LIGHT!!!!!!!!!!!"

Uhhhhh..... yeah well its not prize winning but its a start at least.

## 2 - AGAIN!!!

I was in a tiny white room. A voice came out behind me. "choose wisely, i can beat you." i felt my hand forming a fist, my mouth saying: "rock." "bad choice!" i screamed and looked down at my feet in pain. There was a grey beam going up my legs, as it went higher i could move less. I screamed again and fell through blackness. "LIGHT! WAKE UP!" someone suddenly yelled. The next thing i felt was a pain on the left side of my face. I opened my eyes and flung myself around Dark's neck crying into his shoulder. He hugged my head closer to his chest and asked me what was wrong. I told him, the words spilling out between the sobs. "no wonder it felt like you were falling. You fell out of the bed." Dark said pulling my head off his shoulder. He helped me to my feet and over to the fire. There was a girl sitting on a stool staring as though she was hypnotized into the fire. "well, I got the fire going. Need anything else?" she asked. Her hair was red-brown with waves. There was something strange about her. Her eyes changed color from black to light blue and dark blue and back again, and when she looked at Dark they turned pink. *Wierd...* I thought. "yea, we need some food." Dark said. I stared at him in disbelief. We had all the food we needed for a week in my back pack! "okay." the girl said and stood up as she did so she looked straight into Dark's eyes. "will you come with me?" "yea...shure..." Dark said. I stared at him as he followed the strange girl and left me alone again! "toodels!" the girl said and waved. There was a smile on her face that i did not like at all. If i hadn't sprained my ankle, i would follow them. I was scared and sad. Dark had never left me just because a girl had looked at him. I hopped over to the door. When i came to the door, i didn't stop. I hopped on in the direction they had gone. I hopped for a minute before i decided to limp instead of hopped. There was a movement in the bush next to me and i jumped away from it. Unluckily i landed hard on my left foot. I stumbled and fell to the ground. When i looked up i saw a boy standing there, he looked scared as i sat up. "have you seen my sister?" he said in a shy voice. "depends what she looks like." i answered him. He looked like i was going to kill him. Like i was the one standing and he was the one sitting clutching a sprained ankle. "t-the thing is... i cant t-tell y-you..." "why not?" "because she can change her appearance. The only thing that she cant control are her eyes. They always change color..." *well, well, well... eye changin color problem, gone!* I thought. "well, yea. I have seen her foul face. She took my best friend out into the woods about five minutes ago thats why i'm here. Will you help me up? I sprained my ankle yesterday." i said. He bent down and helped me up. "so why are you looking for her?" "she is my sister. Family. I got to get her home before she does something stupid." the boy said. "whats your name?" i asked. "Joseph. Yours?" he asked back. "Light. Your sisters?" "Janice. Your friends?" "Dark..." he closed his eyes and ran away leaving me alone. *Great... i'm alone, AGAIN!!!!!!* I thought. I sat down on a rock feeling betrayed and stupid. i started to cry. it was beginning to rain, but i sat on the rock and let myself get wet. There was a flash right beside me and the tree that was five feet away from me began to burn. I screamed and got up of the rock and started to limp as fast as i could away from the burning tree. Someone grabbed me from behind and lifted me up. I passed out. AGAIN!
