Undercover Detective Profiles By AgentC

The Setting

The near future: a dark, desolate place. No matter how much the U.S. government tries, their police forces across the country are failing to cut crime significantly. The government sets up the N.S.C.U.: The National Special Crimes Unit. They are more commonly known as the Undercover Detectives since they don't wear uniforms.

All of the settings take place in the New England Region unless otherwise noted. All characters in Undercover Detective were created by RichieRandom and AgentC. They all are fictional and do not exist in real life. All name similarities are pure coincidence. Now that's done with, enjoy the bios of the cast of characters in my series.

2 - The Five Main Agents

The Main 5 Agents

Richard Stryker

Age 27

Male

The unofficial leader of the Undercover Detectives, Stryker is sometimes considered a bigmouth and a big shot, but it's only his ego. They say he has an unhealthy addiction to guns, ANY guns. He drives a Dodge Viper and has a girlfriend who happens to be in the crime-fighting business as well. Unless it's his girlfriend or his boss, he answers to no one. The other agents are good friends with him and are willing to do whatever he says they have to do.

Chris Finn Jr.

Age 20

Male

Cousin of Richard Stryker and the driver of group missions, Finn is a nerdy and rather insecure member of the Undercover Detectives. Although he is not the strongest agent, he is a loyal friend and is dedicated to his work. He's also a top notch wheelman and has the technical know-how of the group. His close friends are fellow-agent Sam Swann and Erin McClain. The other agents trust Finn with his driving and help him out with any problem he is in.

Scott Gordon

Age 36

Male

The oldest of the Main 5 Undercover Detectives, Gordon is considered a mentor to all of the agents. He is the wise guy of the group and tries to lighten up any situation with a joke or two. He acts simple, but he is a genius. He is the only one who can make an airborne rocket to accommodate all of the agents. The other agents look up to him and come to him for some advice and a good laugh.

Mike "OB" O'Brien

Age 26

Male

The crazy guy of the Undercover Detectives, if he wasn't an agent, he'd be one hell of a bad guy. He is one of Stryker's good friends and classmates, he joined the Undercover Detectives so he could release his anger and not get arrested for it. He's not much of a fan of guns, but loves knives for a reason only God knows. The other agents are friends with him, but know to back off when he is in a bad mood.

Sam Swann

Age 20

Male

The rookie of the Agents, Sam joined the Agents when Finn suggested it to satisfy his craving for adventure. A more relaxed person than Finn, his best friends are Erin McClain and Chris Finn. Since joining the Undercover Detectives, Sam tries to fit in any way possible. The other agents see him as a

rookie or a friend of Finn more than an agent, but they are still friendly to him.

3 - Supporting Cast

Supporting Cast

Robert Masucci (It's pronounced "Ma-SOOCH-ee" for those who can't pronounce.)

Age 28

Male

The head of the northeastern part of the Undercover Detectives, Masucci has been an agent for most of his life. One of the original members, he now mostly sits in his office and give the orders. A dedicated member, he sometimes ventures out of his office to join the current agents in tough adventures. The other agents see him more as an authority than a leader, but they still listen (well, most of the time anyway...)

Bernard ``Old School" Sullivan

Age 66

Male

A second in command to Masucci, Old School was a teacher to many of the Undercover Detectives (including his boss.) He quit the teaching business and joined the agents because he thought crime fighting was safer than teaching a high school. He is just as wise as Gordon, but he lacks the humor and charisma that Gordon has. He also has those ``moments" when he reminisces of the ``Good Old Days in Vietnam," and often wishes he was back in the action.

Katherine Vector

Age 26

Female

Like Stryker, she is the head of her group, except she works in a police department. She is the top of the ranks in every police category, and could even beat the agents at their own game. She and Stryker have a lot in common, and it shows since they are constantly competing with each other despite beign boyfriend/girlfriend. In arguments, she usually shows force by dishing it out to Stryker, so the agents know when to get off her case, for Stryker's sake.

Erin McClain

Age 19

Female

A rookie cop in Vector's police force, McClain joined the crime fighting business like her two friends Finn and Swann. Although she isn't as experienced as most of the other agents and cops, she often teams up with Vector to provide a surprisingly unstoppable duo. She's a shop-o-holic as well, and tries to look good anywhere she goes, but most of her friends put up with it easily.

Jason Blackwell

Age 28

Male

The main villain in Undercover Detective, Blackwell has a permanent grudge against Stryker and Vector for giving him the scar around his right eye. A genius who knows how to trick anyone into doing what he

wants, Blackwell often has a well armed group of henchmen that more often than not feel the wrath of the Undercover Detectives. He usually manages to escape and vows to destroy the Agents, who were the cause of the death of his older brother.
