# 1 - Untitled

"Dying"

I'm so sick of living  
I'm so sick of giving

You'll never understand  
The way I act, or who I am

I slit my wrists and watch it bleed  
My Wrists so bloody with a red gleam

I hate you so much I wish you would die  
So much has happened but this is my good-bye

All of my blood covers the floor  
I look up and reach for the door

I turn the knob  
I see you and I shout

"Are you happy now?"  
"I'll finally get rid of your biggest mistake!"

I see you staring at me while you sit there  
I knew right then that you didn't even care

I fall to the ground and I know you'll never regret  
Then I finally breathe my very last breath
