# 1 - Untitled

"Pounding Hearts"

My heart thrives for you  
And there is nothing I can do

I feel for you things I didn't know I could feel  
This dream it feels so real

In your arms I have a loving place  
The sweetness in your smile that's spread across your face

The rush I feel when you breathe in my ear  
The whisper seems so far yet so near

I feel the warmth when you embrace me  
It's like you'll never let go and never let anything happen to me

The softness of your lips when they touch mine  
The slow swift movements, I know everything's fine

Our hearts combined as one beating pounding never to stop  
I love you so much I feel as if my heart could pop

The love between us will never fade  
And I know the way I feel about you will never go away
