"Finally Free"

The worst is over now so you can breathe
Wipe away all your tears so that you can see

The blade that cut so deep is finally out
Get out of your chains don't just sit there and pout

No longer choking on words that were said
No longer wishing that you were just dead

The blood that was lost in all of your anger
The blade that you hold is no longer any danger

Spread out your wings, ready to soar
All you wanted was freedom but you got something more

No longer suffering, no more tears
The tears that stained your face for so many years

Your finally free and out of your chains
Free to live your life no longer in shame
