Chapter 1 - Humans	2
Chapter 2 - Vampires	6
Chapter 3 - Werefish	9
Chapter 4 - Antagonists	11

1 - Humans

Psag: Vet-school drop out, aimless, talented musician, lactose intolerant.

--Physical--

Gender: Male

Race: Human

Body type: Naturally lanky, but pudgy around the middle at the moment from inactivity. The only thing keeping him from getting ridiculously fat is a lack of money to buy food.

Hair: Dirty blonde. A technical mullet that's loong like longcat. Has very well kept hair and will skip a meal to buy hair product if need be (not out of vanity, but to prove to himself that he can commit to something). Usually pulled back in public.

Age: 23

Height: 6'5"

Eyes: Bright blue eyes. He's nearsighted and wears rectangular glasses that aren't framed on the top.

Skin: Pasty complexion

Clothing: Cheap and usually dirty shirts and jeans. Likes offensive T-shirts. Doesn't layer.

Smells like: A 4-day build up human smells, and sandalwood

other: Has a tongue piercing, and three piercings in his right ear. Also has bad posture

--Personality--

Occupation: None

Sexuality: Bisexual, apparently

A few general flaws: Unmotivated, self-pitying, defensive, loud-mouthed, doesn't take care of himself (besides his hair, at least)

A few general strengths: Musically talented, intelligent, high pain tolerance, will go out of his way to help the few people he likes

Likes: Solitude, wine, winning arguments, wine, creating music

Dislikes: People who touch his hair without asking, sleep, people who think they automatically deserve respect, religious extremists, religion in general, almost all mainstream entertainment (except Josh Groban for some reason.)

Nervous habits: Adjusts glasses, pulls on hair, sucks on tongue piercing

Other: Has somewhat of a drinking problem. His real name is Gaylord (his parents weren't Jewish: just cruel.) Likes his chocolate bitter, his beer dark, and his coffee creamy and tooth-rottingly sweet.

--Relations to other characters--

1. Friend to Loki
2. Eventual boyfriend to Charlie (somewhere down the line)
3. Hates Drake

Charlie: That cute barista you can't work up the nerve to talk to

--Physical--

Gender: Male

Race: Human

Body type: Slim and healthy with a small frame

Hair: Brown hair. Very fussy bangs

Age: 17

Height: 5'6" (short compared to the rest of the cast)

Eyes: Amber

Skin: Not pale, but not tanned

Clothing: Wears tight borderline hipster clothing. Likes toned down colors, flared pant legs, and ironic T-shirts.

Smells like: Soapy skin and coffee

other: He's a cutie. P:

--Personality--

Occupation: Barista

Sexuality: Doesn't want to be pinned down to only one half of the population

A few general flaws: Untrusting, indecisive, internalizes his anger (had a stint with self injury, even), prone to depression, has control issues

A few general strengths: Loyal, caring, writes well, has some sort of ESP

Likes: Art, conversation, meditation, metaphysical things, poetry, unspoilt nature, video games, dystopian novels

Dislikes: Thinking about/being asked about his early childhood, pretention, his parent's sleep patterns

Nervous habits: Peels cuticles, bites lip, taps feet, rubs wrist, pinches self

Other: He's generally upbeat around people. He was taken in by Loki and Drake when he was 7. He's loaded with suppressed fears and traumas, but he's usually not an angst bucket.

--Relations to other characters--

1. (illegally) Adopted son of Loki and Drake

2. Best friend to Scott
3. Friend and future lover to Psag

Scott: Fashion enthusiast, part-time "exotic dancer", athlete, all around nice guy

--Physical--

Gender: Male

Race: Human

Body type: Tall with well-defined lean muscles (muscular but not bulky). More like a ballerina's body.

Hair: Sleek shoulder length black hair. No bangs.

Age: 18

Height: 6'4"

Eyes: Dark brown

Skin: Coffee and cream complexion. Has much darker skin than the doll examples

Clothing: Makes most of his own clothes. Dresses with a flair. Has a penchant for 70s fashion

Smells like: Sweat and Herbal Essences (yes, the shampoo)

other: He's very comfortable with his body

--Personality--

Occupation: Models at a local art college, does some sewing for acquaintances, male stripper on weekends

Sexuality: Straight

A few general flaws: tries to do too many things at once, used to use steroids, inappropriately cheerful at times, surrounds himself with people to avoid dealing with himself

A few general strengths: Strong work ethic, gets along with anyone (even Drake), dances and sews like a mofo, is in with every group at his school, not judgmental, forgiving

Nervous habits: None

Other: He's tried out every sport available at his schools, but has never stuck with anything for more than a year. He has several pets, including a cow and attack goose. He comes from a low income household, but has never used that as an excuse for anything. His mother knows about his weekend job, and while she doesn't like the sort of people Scott is around, she puts up with it.

--Relations to other characters--

1. Best friend to Charlie (both are seniors in high school)
2. Lilly's boyfriend

Lilly: Guitarist, space-cadet, potential evil mastermind

--Physical--

Gender: Female

Hair: Naturally blonde, but she dyes her hair a different color every few months. Usually kept short, and styled depending on how much time she has.

Age: 17

Height: 5'10"

Eyes: Blue

Skin: Peachy

Clothing: She's clueless about fashion and has no idea how to dress herself. Ironically, the outfits she throws together often end up fashionable, and people are convinced she has great taste.

Smells like: Rootbeer and gingersnaps

other: She has a chipped front tooth

--Personality--

Occupation: Works in a book shop

Sexuality: Scott-sexual

A few general flaws: Lazy to the point of walking outside naked when she has to check the mail, has trouble grasping the seriousness of some situations, easily contented

A few general strengths: Could become dictator of a third world country if she wasn't so lazy, is a madman with a guitar, can creatively solve problems

Likes: 60s rock and folk music, carousing the internets, chilling, being dragged to events by Scott

Dislikes: Uptight people, unnecessary movement, bigots

Nervous habits: Twitches

Age: 20-something

Height: 5'8"

Eyes: Burgundy

Skin: porcelain when healthy, grayish and slightly translucent when hungry

Clothing: He's a crossdresser, but not beyond wearing pants once in a while. He wears whatever's fashionable and accessorizes with skill. Never goes over the top into drag queen territory. He wears makeup, but only enough to make him look human.

Smells Like: sweet tea, lavender, and marble

other: Has a generally feminine appearance

--Personality--

Real Name: Ashland Loland Roberts

Occupation: Owner and manager of a successful coffee house

Sexuality: Homosexual

Drake: Right bastard, stern father-figure, ruthless business man

--Physical--

Gender: Male

Race: Vampire (Oh geeze. A vampire named Drake. HOW ORIGINAL.)

Body type: What drawing books call "average"

Hair: One of his eyes is unavoidably obscured by jet black hair at all times, but not in the calculated fashion so popular with kids these days. Gels his hair back in vain.

Age: 20-something to 30-something

Height: 6'1"

Eyes: Light blue

Skin: Same as Loki

Clothing: He's all business in public, and usually wears a suit or something sharply tailored. Black, grey, and dark blues. Sometimes wears sunglasses at night.

Smells like: Dust, crumbling paper, ice, and myrrh

other: He has fabulous cheekbones, and always wears strappy roman-style sandals (people who poke fun at him for this are invariably made sorry they did).

--Personality--

Real name: Marcus Apollonius Lepidus

Occupation: Something high on the corporate ladder. He works for the lulz and not out of necessity (He's filthy rich from centuries of collecting and investing).

Sexuality: Pansexual if anything. He's been around so long that it doesn't matter.

A few general flaws: Enjoys the misfortune of others, somewhat sadistic, amazingly egotistical, over-protective, jealous, critical, cynical, sardonic, secretive

A few general strengths: Even-tempered, has picked up a lot of odd skills and bits of knowledge, good at negotiating, a great dancer, tech-savvy

Likes: Making other people's lives harder, live classical music, theater, reading, travel, flaunting his wealth, spending time with Loki and Charlie

Dislikes: Almost everything else, to some degree

Nervous habits: Grinds his teeth

Other: Time period/place of origin is ancient Rome. Also, he's a chain smoker (not because nicotine does anything for him, but because it adds to his image.)

--Relations to other characters--

1. Adoptive father to Charlie

2. After-life partner to Loki

3 - Werewolf

Alex: Dreamer, underdog, werewolf

--Physical--

Gender: Male

Race: Werewolf

Body type: He's skinnyfat. Not many would call him fat, but his torso has almost no definition and his belly pokes out a bit. However, his legs and butt are in great shape from walking almost everywhere.

Hair: Appears brown, but reflects the colors of a clean pond (light blue, musty green) when hit with light.

Age: 17

Height: 6'0"

Eyes: Pure green (Wears round glasses or contacts)

Skin: Has a farmer's tan

Clothing: He wears unremarkable and usually loose clothing. He hates the summer because he can't layer. He almost always wears long cargo shorts.

Smells like: Deodorant and sea plants

Other: He's an average looking guy with a few stunning features (Hair, eyes, mouth, butt). While he's not hard on the eyes, he thinks of his body as an unattractive jar for his brain.

--Personality--

Occupation: None

Sexuality: Calls himself asexual as an excuse to avoid silly highschool romance and its hazards (really just waiting for the right person, gender be damned)

A few general flaws: Underestimates himself, is easily intimidated by others, is obsessed with upholding his own dignity, would rather be safe than sorry

A few general strengths: Has a vivid imagination, can see things from many perspectives, is emotionally strong, has a great capacity for love

Likes: Thinking, swimming, literature, writing, daydreaming, long walks, interesting people, quirky and informal eating establishments

Dislikes: Being snapped out of his reveries, society's standards, ignorance, politics, being forced into things

Nervous habits: Bites his lip, tears up

Other: Alex usually lives in his head when he's around people he hasn't chosen to be around. He's actually quite friendly and will keep up a conversation if approached. Most people think he's full of himself, crazy, or just an introvert.

--Relations to other characters--

1. Friend to Charlie and Scott
 2. Turned into a werewolf by Michael
-

Michael: Survivor, mentor, charmingly neurotic

Description:

Michael is **35**, a book dealer, and HIV positive. He has **sharp facial features, dark hair with a smattering of gray at the temples**, and is always a little tired. He happens to be a werewolf, and has a fondness for argyle and herbal teas (along with history, dead people, theater, art, strange architecture, movies, funny little local eating establishments, books, comics, public transit, live music, and living creatures). He's the outdoorsy type, and enjoys swimming, biking, and hiking.

When Michael was 28 and first found out he had HIV, he withdrew his retirement and life insurance money in order to go around the world doing the things he'd always felt like doing. After two years, it turned out that his body was reacting wonderfully to treatment. No longer feeling like he was going to drop dead any second, he settled down in Northern California and used most of the money he had left to open a book store.

Being a werewolf is a nuisance to Michael. It's excruciatingly painful to turn into a fish once a month, and it can really put a strain on your social life.

He's currently enjoying the erratic summer weather and his developing friendship with Alex whom he accidentally bit a while back, and feels a responsibility towards.
