Chapter 1 - full moon

1 - full moon

Full Moon

Full Moon

The moon can be dangerous

especially for werewolves

look out when you walk around at night

especially when it's a full moon.

flesh makes place for fur

the face turns more like a wolf

beware when you wander around at night

because maybe,...

just maybe, there is a werewolf around.

When you encounter a werewolf

and you have no experience with those werewolves

if you have no silver bullets or stakes

and the werewolf bites.

you too can be turned into a werewolf
