# 1 - Darkness

"just incase anyone worries, no i am not depressed...i just have dark thoughts meh" i am not really a poetry person but i try.

late at night when humans sleep, the nightchilderen stand guard for the night creep. A bite wil stop a heartbeat and someone's evil side wil be freed.

A women with a innocent look wil leave her family and friends in shock. On her inside a black rose blooms something they have tryed to block.

A darkness awake's and can't stand the light the young women wil give everyone a fright. Innocent broken by a dark lovers bite in the darkness of the night.

with her mate of darkness she wil roam lands and sea's to bring doom. Hide when she is awakend or you might be forseikend, a bite wil turn you to the dark night and bann you from the light.

Redemption you wil have no more when they bite you the nights whore. Darkness wil be your friend while light is something you cannot stand.

Late at night when the humans sleep, the nightchilderen wil hunt the creep. they kill the dark one's mate but for the female it wil be to late.

Dissapearing is what she wil do without a trace without a clue...
