Just some random story about Presea, who has an Extremely inappropriate crush on Lloyd. I'm so gonna get flamed for this story. Not really sure which pairings that's in this story but I think it's PreseaXLloyd and ColetteXLloyd.

1 - The Liar

Yeah, I was bored so I began to write a story....I do not own any of these characters, they belong to Namco.

_"..." Lloyd starred at his blank paper. If he didn't find something to write before Raine's lesson is over, he'll be in problem. He ran his finger through his hair and put his elbow on the table. He closed his eyes to try to concentrate, but it was really hard since Genis, who sat beside him was already on his 5th page and you can hear him writing and writing, which only reminded Lloyd that he hasn't even started writing! He put his other elbow on the table and tried to concentrate and in hope try to find something to write about. On the other side of Lloyd sat Colette, who was just looking at him and giggling, she wrote a short story on 1 and a half page. And then she took another paper to write some random stuff and draw dogs. Raine sighed and closed her book "Alright, class over. Let's have lunch and then..." I bet my hunnies are waiting for me!! " Zelos rushed towards the door. "Idiot" Sheena said after him. "Now, now Sheena! Are you jealous, hun"?" Zelos teased Sheena. "What?! You got to be kidding me!!" Sheena closed her fists, any minute now she thought. "Oh, please!" Zelos said "You know you love me. Why do you deny your love for me--" Sheena hit Zelos on his head. "Shut it!" Zelos was moaning in pain and wondering why Sheena hit him. Sheena marched out of the room, pissed on Zelos. Colette had left the room before Sheena and Zelos because she saw a fat dog outside which she just had to give it a name just "because". Lloyd was heading for the exit now and Presea was walking behind him. Kinda like a stalker. Lloyd turned around and looked at her. "You know, you can just walk beside me if you want", he said. She walked quietly up to him and then they both walked silently to the elevator. "Did you want something?" Lloyd asked her. "Huh?" Presea looked shyly at him. "Well, I just thought, that you maybe wanted to say something since you followed me." Lloyd said. He looked up on that weirdo scale which tells which floor the elevator is on. There was a moment of silence. Then she looked up from the ground. "...No." she said. "You're sure?" She turned around to him. "Yes, I'm sure." Ding! The elevator has arrived to floor 5 and its door opened. They both went inside and Lloyd pressed the button that was under a small sticker (or something) that said Floor 1 Lobby. They silently stood there in the elevator. "Lloyd..." Presea said. "Hm, what is it?" Lloyd looked at Presea. "Lloyd, I--". The elevator stopped on the third floor and the door opened. It was Genis. "Hi Presea! Oh, and you too Lloyd" he said. "What's up, Genis?" Lloyd asked. "I ate some lunch at the hotels cafeteria. What about you, Lloyd? Have you had lunch yet?" Lloyd shook his head. "Not yet. I was thinking about eating out, not at the hotel, just to try something new." Presea kicked on the floor, hoping that the elevator would go faster. She's a bit pissed that she got interrupted. Genis talked to her about something and Lloyd stood behind him and smiled. She pretended to be listening to Genis by nodding a little every now and then. It felt like the elevator was going very slowly, or maybe it stopped. After 1 minute the elevator was at the lobby and the three of them exited the hotel. Genis was still talking, Lloyd was still smiling and Presea was still not listening. "Lloyd!" A very familiar blonde girl said. She ran up to Lloyd. "Oh, hi Colette!" he said. She beamed at him "There's a new restaurant just around the hotel, want to come?" she asked. "Yeah, sure!" he beamed back. The two walked their way, but then Lloyd turned around. "Oh, yeah, did you want to tell me something, Presea?" he asked. She silently shook her head "No, it's nothing..." she was looking down on the ground. Colette started to pull Lloyd's arm. "Come on Lloyd! I'm starving!" The two of them run off, leaving Genis and Presea for themselves. Genis was still talking, but she didn't bother listening. They took a fast walk on the beach. "Um... Presea? Aren't you hungry?"

Genis asked her. "...Yes." She answered. She was still not really listening. "Where do you want to eat then? I...I had already eaten lunch but I can make you company... if you want that..." Genis blushed. "Mm..." She was still not listening. "Okay!" Genis smiled "So, where do you wanna eat?" he asked. "...Yes" Presea looked at the waves. "Um, Presea? Are you listening?" Genis looked at her. "...mm" she was still looking at the waves and still didn't bother to listen. She had a lot on her mind just now. "*When will Colette quit hogging Lloyd?*" she thought. "*Maybe if I become more like Colette Lloyd would take notice of me? Nah, probably not.*" "Presea?" Presea woke up from her thoughts and finally was listening and taking notice of what's going on outside her mind. "What is it Genis?" "Wh...Where you even listening?" Genis asked her, he looked a bit pissed. "Yes of course" Presea lied. "And?" Genis said. Presea looked questioning on Genis "...And?". "My question, remember?" Genis started to look more pissed and disappointed. Presea started to wonder what Genis asked her. "*This is the exact reason that you shouldn't lie!*". She thought for a moment. "Um... I". "You didn't listen to me did you?" He asked her. "Yes I did" She lied again. "And... I think you look fine." She said and left the beach. "*You really shouldn't have lied.... REALLY*". Pissed and disappointed on herself, she headed for the hotel. __

2 - The Door slammer from the 5th floor

Yay! Chapter 2! It's shorter than chapter one, but still... Presea's back with her Extremely inappropriate crush on Lloyd

_____ Presea's stomach was growling. She skipped lunch because she didn't feel like eating. All she had on her mind was Lloyd, and that Colette wouldn't quit hogging him. She sighed and then got up and walked out on the balcony. Normally, she would enjoy the view, if Colette wasn't in there. Pissed, she returned to the room and shut the balcony door hard. She felt that her anger was starting to calm down when she slammed the door. Maybe she should slam it again? She walked up to the door and then slammed it hard. It felt quite good actually. She did it again and then one more time. "Hey, would you cut that out!?" someone from the floor below screams to her and started to bang something against the roof (Presea's floor). Annoyed she started do stomp the ground and walked to the other door. She opened it and slammed it as hard as she could. "Ow!" Thump! That was the sound of someone falling to the ground. "Uh-uh!" she thought and quickly opened the door. It was Lloyd. It was Lloyd she slammed the door on his face and he had fell to the ground. (If this was a cartoon, he should have spirals for his eyes and birds should be flying around his head among with stars.) Presea covered her mouth in shock. "Lloyd!" she sat down beside him "L...Lloyd, I'm so s...sorry!" There was no answer. She grew more panicked. She dragged Lloyd into the room and putted him on a bed. One hour later he finally woke up. "Uh...Where am I?" was the first thing he said. "Altamira hotel, on the 5th floor" Presea replied. "What happened? I remembered that I was going to knock the door, but then it opened so fast that I couldn't dodge it..." he ran his hand trough his hair. Presea blushed, she knew that it was her who slammed the door. "Um... We'll... The maid who was cleaning here was a little angry I think since she slammed the doors all the time..." she lied "Well anyway, why did you come up here? I thought you were out with Colette..." Just saying that name made her angry. "Well, I was but then Genis came and we started to talk about you..." Lloyd paused. "...About me?" She looked questioning at Lloyd. "Yeah, we're worried about you" Lloyd said. "Why?" she asked. "Because, you've started to change lately, your patience is very often thin, you get upset much more easily and I haven't noticed it but Genis said that you're not listening... So I was just going to check that you're ok". Presea started to blush even more. She felt really happy. Lloyd cared about her and was worried about her. He even came up to see if she was ok. "No, I'm fine." She said and smiled at him "Thanks for your concern. You may leave now, I'm sure that Colette and Genis is waiting for you downstairs". She walked with him to the door. Lloyd smiled at her and then left the room and headed for the elevator. She silently closed the door. She leaned to the door and couldn't stop smiling. "Maybe..." she thought. She headed to her bed. She jumped up and lied on it. "...*Maybe, things aren't that meaningless....*" She slowly closed her eyes and fell asleep even though it was day. _____
