1 - Save me from thy retched hell, help me come alive

Crimson Desires

Sickness turns to insanity

Empty thoughts fill the head

Screams never given voice to

Thoughts that went unsaid.

Blood flows like a river

Mixes with these tears

Scrams have gone unheeded

Restless with the years.

Dying in the morning

Bleeding in the dawn

Screaming in the night

All chance of survival gone.

Toasts of blood

And fleshy feasts
Carnal images of the mind
And senses of the beast.

Midnight love of ruin
Save me from the pain
Bring me back to life
And make me feel again.

Sensation through the body
Mind becoming numb
Thoughts becoming slow and sticky
Ears begin to hum.

Body now is limp
A new ruler has been ordained
Nothing now to do
No one now to blame.

Led back to life
But it isn't really real
How coy the pain can be
How joyous not to feel.

Eyes windows to the soul

Standing wide like open doors

Inside is waiting blackness

Right down to the empty core.

Midnight love of ruin

Save me from the pain

Bring me back to life

And make me feel again.

Lead me now back home

Revive me from the cold

You can't just leave me here

Free me from the hold.

Look into my soul

Look into my eyes

See the pain inside

See how hard I cry.

Frozen inside without the touch
Nothing is the only thing around
I wish that this would just leave
And leave me here to be found.

This place haunts
My once pleasant dreams
Immortalized forever in my mind
Is less than what it seems.

Midnight love of ruin
Save me from the pain
Bring me back to life
And make me feel again.

Time cannot erase
Things that are in the past
And neither can we;
Save me from the blast.

Sanctified objects
Blood has cleansed the sins

Cleaned of all the crime

Save me from the pain that is within

Save me from the nothing

Breathe me back to life

Bring me back to sanity

Save me from the strife.

Dreams becoming haunted

Trapped here in my past

Surface appearing peaceful

Face a sleeping cast.

Midnight love of ruin

Save me from the pain

Bring me back to life

And make me feel again.

Save me from myself

Hide me from the day

Kill my ghosts and demons

Make them go away.

Save me from the dawn

Hide me from the light

Hide me from the morrow

Save me from the night.

I've become so numb

Wipe away my tears

Save me from the insanity

Hide me from my fears.

Tears are flowing freely

Face washed out with blood

Save me from myself

Hide me from the flood.

Midnight love of ruin

Save me from the pain

Bring me back to life

And make me feel again.

I know now that you're gone

And I am all alone

You're the living among the dead

Bring me back home.

Without a soul

It makes it hard to die

Save me from the darkness

Save me from the lies.

Save me from what I've become

Save the world from me

Hide me from myself

Tell me that I'm free.

Call out my name

Tell me that I'm yours

Pull me from the pit

Love me to my core.

Midnight love of ruin

Save me from the pain

Bring me back to life

And make me feel again.
