Was it a dream? Was it reality? Did it even happen? They may never know.

Chapter 1 - I Love You

1 - I Love You

"Princess?" The boy called out, shadows covering his entire body. No distinguishable features remained. Even his voice was a mystery. Nevertheless, the girl found herself smiling. A slight blush tainted her face, tiny lips opened so she could voice her thoughts,

" I love you..."

She then frowned. This person was special to her, yet she could neither see his face nor remember his name. Tears formed in her eyes, threatening to destroy her unrivaled beauty.

The boy's hand slowly raised to her face, a single finger wiping each tear away as one fell.

"Don't cry, nothing good will come of it."

His head tilted when she cried more, the words so familiar, yet no memories of him came to her.

"I love you too..."

He paused, briefly, only long enough for his remaining hand to grasp hers,

"Sakura..."

His words echoed in her ears. She felt faint, but managed to draw the strength from his hand. The other moved to wipe the rest of the tears from her eyes. When she opened her eyes again, the world was no longer dark. It was bright, luscious. The scenery had nothing to do with her sudden opinion change, instead, it was because of the boy who had told her he loved her, the boy who had called her by her first name, rather than calling her the princess. His face was no longer a mystery, she could see it as plain as day. His deep brown eyes were shining, determination and love emanating from within. Her blush deepened as he smiled. She couldn't help but smile again. She threw herself into his arms, where she felt safe.

"I LOVE YOU! SYAORAN-KUN!"

There, she'd finally said it.
