ONE-SHOT FIC

Title: "White Day"

Series: Fullmetal Alchemist

Genre: Fluff (nyawwwww >3<)

Rating: G

Pairings: Ed/Winry

Summary: It's St. White day, and Winry asks for something 'sweet'. But for Ed, a box of chocolates just isn't sweet enough ...

"She wants something 'sweet', eh?" Edward looked at the ceiling, "What's 'sweet' that you can get a girl on White Day?"

" ... Um ... well what did dad get mom for White Day?" Alphonse tried, cautiously.

Ed scoffed, "I don't remember ... And frankly, I don't care either. This has nothing to do with dad getting mom something. It has to do with me getting Winry something, and it can't just be something that every other guy gets for their girlfriend or whatever ... "

"Are you inquiring that Winry's your girlfriend?"

Ed blushed, "What? No! It's nothing like that!" he turned away from Al to hide the embarrassed expression on his face, "I just want to get her something special, that's all," he stated nonchalantly, "Cause we're always gone so much, and well ... I never had time to get her anything."

Al stifled a sarcastic laugh.

"Okay, fine, what do you suggest I get her?"

"Flowers, maybe?"

"Too preppy."

"A box of chocolates? That's sweet."

"Too traditional."

"You can't say no to jewelry. They always said diamonds are a girl's best friend."

"Too expensive."

" ... Shoes?"

"Too blah ... and it's not like I'd know what kind to get ... "

"Well, Nii-san, you're not helping any."

Ed sighed, "I know, sorry ... I just want this to mean something ... "

Al broke into a giggle fit.

Ed threw a pillow at him, "You know, sometimes you can be really annoying ... "

It was at least 3:00 on White Day when Winry walked through the door, "Heeeeyyy, is anybody home?"

"Yep," Ed called back from the kitchen.

"Where's Al and Auntie?"

"Out."

Winry sniffed the air and walked into the kitchen, "And what smells so good?"

"Early dinner," Ed told her.

"Ed ... Wh ..." she smiled, "All of this for me? You didn't have to."

"Well, it's ... White Day and everything ... " he blushed, "Aren't the guys supposed to do something for the girls on White Day?"

" Yea, but -- "

"So I thought I'd make you dinner, that's all."

Winry's smile widened, "Awwww, that's so sweet of you!"

Ed smiled, "You wanted something sweet, didn't you?"

She giggled, "Al told you what I said, then. He's no fun."

"Define fun."

"Well, I sort of wanted to be a little bit surprised."

Ed's stomach twisted into a knot. He knew this was too good to be true, "You're not surprised?"

"Of course I am, I thought you were going to go and buy me flowers or something ... "

Ed laughed nervously. Thank God he didn't go down that route, "Um ... well I did have something else for you ... "

Winry brightened, "Really?"

"Er ... yea"

"What is it?"

Ed moved closer to her and gently placed his hands on her jaw. He closed his eyes and leaned in closer to her face.

Then their lips met.

At first, Winry didn't know what to think, and her eyes were wide open in surprise. But they gradually closed as she melted into the kiss.

When Ed finally pulled away, he felt himself blush slightly, "Were you surprised?"

Winry nodded blissfully, " ... Yea ..."

After a moment of hesitation, Ed built up the courage to ask, "How was it?"

Winry smiled, "As much as I was looking forward to a box of chocolates," she said, leaning in for another kiss, "this was much sweeter ..."
