Chapter 1 - rescue me

2

1 - rescue me

I'm different from the rest of you
A wolf in sheep's skin
You're the rose and I'm the thorn
Why not give in to Sin?

I'm in a crowd, but so alone
No one sees my tears
Head back, I scream to the world
But no one cares to hear

Claw at the hands around me
But nothin is there
I try to see the faces
All I can see is air

(chorus)

Can you take me away
Take me away
Gone forever
To another day
Take me away
Get me out of here
Where I can howl at the moon
I can charge my fears

I can feel the change comin' on
The dark fills my sight
So many different colors
But is it day or night

I reach out to feel my lover
All I feel is pain
I look to see if he's there
But all that's left is rain

I must be goin insane
It's all in my head
I better fight the monsters
Before I end up dead

(chorus)

I see beautiful flowers
Wilt before my eyes
They are sent to the heavens
Where my soul always flies

Poison arrows fly my way
The narrow escapes
There is the one that hits me
My heart, the arrow rapes.

Starry skies blur in my eyes
But I can see the world
I see the wings of my angel
He tells me I'm his girl

I've been taken away
You found me again
Say you love me right now
Like you loved me back then
I always knew
That you'd rescue me
I thought I was goin crazy
But now I can see
It was you and it was me.
You and me
You and me
