1 - Suikoden 3: Another story

Chang Long was born in Linchou, where he lived with his Mother Zhen Li, Father Chang Yun and two older brothers Chang Yu and Chang GongSan. They were a peaceful family that didn't want to learn about the art of war because of Chang Yun's horrible stories of his experiences in war.

On one forsaken day, the city was under attack by a massive, unknown army when Chang Long was seven. Chang Yun hid his children inside their house under the main floor while Chang Yun and Zhen Li fought bravely. Sadly they were killed before even taking a step out of the house in front of Chang Long and his brothers.

Soon after that, the men found out where Chang and his brothers were hiding and killed them mercilessly. Chang Long rebelled against the shadowed men by taking his father's sword and thrusting it into his enemy.

When the war was finished there was nothing left but lifeless carcasses on the fair soil. Chang Long cried while holding his dead family in his arms vowed "I will get revenge for my family and kill the man who was in command of the evil army!"

A survivor with a red Chinese jacket then approached Chang Long and said, "I'm sorry boy.. I tried to defend this city." Chang Long looked up at the man and said, "I should have, I should have protected my family!"

The man smiled then said, "You are a strong one I can feel it, you're in luck if you want revenge. I'll train you in the art of warfare, but not only in warfare but to protect the help less and not always to call revenge for someone else's evil doings. I will be your Sifu known as Li Sing!"

For many years Chang trained under his master Li Sing until he was ready and experienced enough to defeat his own master. "All right Chang this is your final test. Defeat me and your training is complete."

Chang took the offer to challenge his master.

Chang Long: "Here I come!" Chang took out his spear Ying Long and attacked Li Sing.

Li Sing pulled out his bamboo flute Chan Fa and blocked Chang's attack then kicked him in his ribs. Chang fell to the ground but made a quick recovery. He dashed at Li Sing motioning a fake punch, but Li Sing saw through Chang's plan and hit him on his head with Chan Fa. He then said, "You are not ready yet my boy!" Chang Long replied, "Yes Sifu, I will continue training until I'm ready."

On the next day Li Sing growing old and ill. Li Sing, "Chang Long I'm getting old and I'm ill. I may not survive, so I must tell you about my background. I am one of the Fire heroes Fire Bringer and I aided him in the war with Grassland against..." Chang Long looked surprised added, "Hormonia, wow so you must have been a great fighter." Li Sing: "No I'm not I let your family

dieâ€!.â€?

Chang yelled out with rage â€œNo you did not! It was that mysterious commander, Iâ€™m going on a quest to find a cure for you illness and to get revenge for my family.â€? When Chang was about to leave the house Li Sing stopped him â€œHere take thisâ€! itâ€™s my fire rune youâ€™ll need it for when your in trouble, also take my flute Chan Fa for luck. You will have to find the Flame Champion, when you find him he will tell you who that dark commander is. Say that Li Sing sent you but i bet he already knows that you are coming..... Good luck.â€? Chang walked out of the cabin while saying, â€œWhen I come back Iâ€™ll finish my training with you. Plus I hired a maid to look after you.â€? Those were the last words that Chang had said to his master for many days. Chang Long is still in search for the cure for his for his master, still seeking for revenge for his family and looking for the Flame Champion
