*Some deep thought given to time...It's sort of twisted and hard to understand so sorry if you got confused...*

# 1 - Time

The Moments Emotions  
Do you remember the past?  
The question,  
That for some hurts..  
For others a longing.  
The living the moments you cried in,  
The pieces that make you me.  
To turn back time,  
Some say gladly.  
I couldn't just cant.  
Time is time to be.  
The puzzle that cannot be solved,  
Past is but a preview of the future.  
The present never stays.  
The very state of being that is always past  
The moment coming in the future,  
We can never stop it.  
Thoughts never ending chain of emotion,  
The future,  
The day the truth is noticed.  
This piece of puzzle we need who cannot bend.  
No one has ever found it,  
Although it's right there,  
Future is not coming on its own,  
It waits for your thoughts,  
Or you wait for theirs,  
Which do you cry for?  
Past's memories,  
The things to remember.  
The Present,  
Frustrations of forever,  
The present is the time to be stuck in,  
Never to see the future,  
For it only comes as present.  
The Future Past.  
Why cry for what is no longer?  
Or for the constant pressure of decision of future?  
Future will always be one second away from me.  
Sorrow is past and present comfort.  
Divine being in present leads to future.
