I've just been feeling a little messed up lately because of what someone said... And this is what came out of it... Read it, and tell me what you think.

1 - Words That Kill...

Words that kill...

All these words could never explain what I feel.
All your words were never meant to heal.
Hoping to make the best.
You tried to put it to rest.
You thought I had another on my mind...
When it was only you this whole time.
I say what I don't mean,
Avoiding making a scene.
I'm scared to say,
What needs to be said.
I lie awake,
Alone on my bed.
Imagining your arms around my heart,
Recalling the words,
That ripped me apart.
Just a mindless doll,
You didn't care about me,
At all.
Please tell me that we are same,
Say things we don't mean,
And leave ourselves to shame.
If you read the words,
They're harder to hear,
When heard.
Memories flash by,
If I try to breathe,
I might die.
You said you were leaving,
But you didn't care.
When you told me,
My scarred heart,
began to tear.
I don't want to let go,
But I don't want to let it show.
Say you see it,
Even if you don't.
My heart will rip,
Tell me so it won't.
I'm scared to say,
What needs to be said.

I lie awake,
Alone on my bed.
I run to give you my embrace,
Waiting for a gentle touch,
But getting a slap in the face.
Yet I can't feel,
You were never there,
I never know what real.
Don't confuse me anymore,
Tell me what needs to be said,
For here I am...
Alone,
Awake,
On my bed.
