Chapter 1 - The Starting of Legend	2
Chapter 2 - What Really Happened?	4

1 - The Starting of Legend

So we start our story in the small endearing village known as Ordon Village,

Where two friends are fishing, Link and Zea...we all know our favorite hero elf so i don't have to tell you about him,
but Zea, now im almost positive you don't know her...

She's link's best friend...she's shorter than link-the top of her head comes to his chin-she has shoulder length, deep espresso brown hair,blue eyes,3 piercings on her left ear (which are elf ears btw) she's around 16,and seems small framed-her size fools most people into thinking she's quiet & meek, but thats not the case!!-she wears a blue tank top & a mini sleeveless tunic shirt over that, flowing genii capri length pants, a deep blue sapphire necklace,w/ a matching anklet and blue wrist wraps w/ one that extends all the way up her arm, she go's barefoot most of the time...
she LOVES the outdoors, fishing, climbing trees,playing the guitar,cooking, hanging out w/ link, swimming, practicing slingshot, & other stuff...

She helps out link w/ goat wrangling from time to time, loves all the children in the village dearly, enjoys helping Uli & Pergie, has a part time job at Sera's store but doesn't really do much there...(there's nothin' to do!!!)

she likes horse ridding allot, but doesn't own one(a horse), though Link does pretty much conceder Epona half hers since she rides her all the time!-never w/ out Links consent though,she wouldn't ever just take off w/ her!

And she can also be surprisingly tough..when needed:)

Now back to our story, Link and Zea are fishing,

Link's telling her about Rusl's mission for him to go to Hyland Castle to deliver the tribute...
he has to leave in the morning...

Zea's not happy about it, she's sad that, that probably means Link will be gone for at least a couple months if not more...Link tries to tell her he won't gone be that long, and in the mean time she can hang out w/ Ilia,

Zea won't have any of it, she knows what an explorer Link is and on top of that

-yes, she loves Ilia like she's her own sister-but, ilia doesn't like to do anything she likes to do...

she asks if she might go w/ him to Hyrule...and he says its to dangerous...

"How,do you know? have you ever been? And besides that, you know I could handle myself in any danger!"

"But, Zea...I...I, your right. "

"You mean I can go?!"

"Yeah, sure!...Why not?"

Zea hugs link...

"Oh, my gosh! I'm going to Hyrule!! Me!"

"Okay,Okay...aha, we should probable ask Rusl...just to make sure."

Rusl says that its fine...

The next morning...

Link's about to go by Zea's treehouse, to pick her up so they can set off...

And Ilia sees Epona's wounded haunch...blows up at Link, and leads Epona away...

-we all know what happens next-

After they make up...the monster bursts in kidnaps Colin & Ilia, then delivers a devastating blow,that knocks Link unconscience...

When he awakes Colin & Ilia are...gone...

Link freaks out and, runs the way he knows he (the monster)would have gone,,,but, wait... "what?...what is that?!"

The hand reaches out and grabs link,violently pulling him into.... Twilight.

When link wakes up...somethings wrong...what is it?...then he sees it, Twilight all around him, what's worse is,the Twilet Messenger is holding him by the neck!! -Link-just then he has an unbearable jolt of pain- screams and transforms into the wolf(his scream transforming in to a howl), then collapses, the Messenger drags him away as he drifts out of consciencness...

-when Link returns to Ordon Village as a wolf, he learns that all the children had been kidnaped, and Rusl was out trying to find them...

Tell me what you think so far!!! -there definitely will be more chapters btw...this is meant to be short,and easy to read in a small amount of time.

& sorry if anything is misspelled...the great speller im not :(

2 - What Really Happened?

After Link rides the Ordon Village & Faron Woods realm of the Twilight... and is transformed back into a human by the monkey-spirit-thingy and is told about his destiny to save the whole universe and all that jazz, he returns to Ordon Village before has to go save the Forest Temple(wow, he's a busy elf!)

When he arrives, everyone is so glad he's ok and they also comment on how handsome he looks in his snazzy new outfit!!!!

He finds out Rusl is still gone and Uli is upset, Link reassures her that everything will be fine, and asks Pergie to make sure and keep an eye on her... Links getting worried about Epona...she doesn't come when he blows the spacial grass...

After that he goes and is THE MAN!!!! Takein' out all the baddies in the Forest Temple n' all that...

Then he turns into the wolf again, goodie,goodie, gumdrops!! rides karariko village of Twilight(transforms back into human form), and Finds his beloved Epona!!!!-how ever terrified she may be-rescues Colin('cause he's just that cool:)) and is exhausted from all the heroics!-decides to go back to Ordon for a short rest...

When he get's back, the first person he sees is...Zea?

She yells "Link!!!!" and runs toward him as fast as her barefeet can carry her!-she hugs him and she ran into him so hard she almost toppled him over!-Links taken in back in shock still, then returns the hug and buries his face in her shoulder-he missed that smell...Ordon in full bloom and pine trees...his nose had been becoming more sensitive lately- ...then he breaks free and...

"But...Zea...i thought...but how could..."

-Link stutters over his words still in shock, he thought she had been kid napped-

-Zea sees her hand w/ blood on it...Link's blood-

"Link! You're bleeding!"

"W-what?"

-She motions toward his right arm, and he looks down-

"Oh..."

-there is a large cut about 3 inches long, just to the right of where the muscel flexes on his upper arm-

"Come on"

-Zea leads Link & Epona back to his tree house-

She cleans & dresses the cut on his arm and makes him a cup of hot herbal tea, meanwhile Uli washes and repairs his tunic...

Link fell asleep before she could tell him what had happened...

Zea comes over late the next morning...Link's still asleep...She makes him breakfast...eggs, fresh bread w/ honey, and bacon...

Link wakes up by himself...smelling the bacon...

"Bacon?"-Link says in a half drowsy state

"Well, good morning to you too!"

"Oh, aha, *grunt*"

"Sore?...im not surprised, wooden chairs are awful for sleeping in..."

"Good, morning...sorry but i thought i smelt bacon."

"You did."

"Since when do we have bacon in Ordon?"

-Link had had it once before when Rusl had gone to Hyrule and bought some...
he had officially declared it his favorite food!...but, that was over 3 years ago-

"well you know Coro, right? (Link nods) Well, his sister had sent him a care package...w/ bacon included 4 pounds!! and he doesn't much care for it so he planed to sell it to us to make a few rupees...then he found out about Rusl,and gave it to us as a gift..."

"Oh,...wait, what about Rusl?"

"He's been injured, its not serious though, the Hylain doctor says he's going to make a full recovery!...but he just needs to rest for now"

"Oh, well can i see him?"

"Well, of course! but you need to eat first...gosh, i feel like i'm your mom or something, telling you to eat breakfast before you go out and play!"

-Link & Zea both have a good laugh about that-

"Zea, i have a question...i thought you were kidnapped w/ the others..."

"I was... i was captured... along w/ Talo & Malo"

"Wait, So, you didn't see Ilia?"

"No, i didn't (Link droops in disappointment) Not Colin ether..."

-Link tells Zea that he has in fact found Talo,Malo & Colin and they are safe...Zea is overjoyed w/ this and puzzled about him not being able to locate Ilia-

"So, you were telling me that you were captured?"

"Yes, by those ugly ogre-things riding the giant red eyed pigs"

"So, what happened?"

"Well I had my dagger in my pocket...and i cut my ropes and started fighting back..."

"Weren't you afraid?"

"Yeah! of coarse i was but, i was NOT going to be some helpless captor for whatever they had in mind!!!"

"What about Talo & Malo?"

"I didn't see them, we were split up and tied to the back of the pig-things...and it was at night...i...i wanted to save them...but..i "

-her voice cracks w/ emotion-

"Whoa, it's okay... they're safe now, and there was nothing you could do, i got it...but how did you get away?"

"i guess they thought i was more trouble than i was worth, 'cause they dumped me on the side of the road...and Rusl must have been following they're trail because he showed up about 30 minutes later"

"And how did he get hurt?"

"Well, he gave me his map, and told me to head back and he was gonna keep following them...then he came back the next day hurt..."

-Link then told her what he'd been up to(the wolf business & all that) he wouldn't have told everyone...they wouldn't believe him!! but he knew she just might...-
