# 1 - Water

## The Four Elements: Chapter 1, Water

Water got up from her bed and put her aqua colored hair in a ponytail.

I have to go get ready! Water was going to the Element school this year to learn about her power.

I m thirsty& she thought, she held a cup and said, Watro de capo. She drank the water and got dressed. She heard the doorbell ring and she went to the door; she opened the door and a man in a suit was there.

Hello, are you Water? He asked.

Yeah, are you the school person that s picking me up? Water asked excitedly.

Yes, are you ready? he asked while walking into her house.

Yes, I ll go get my things. Water yelled to him and ran to her room. She grabbed her stuff and ran downstairs.

She went out the door and went to the limo that was outside. A limo! That s so cool! Water yelled and jumped in. I wonder if they have food too. As if the man read her mind he asked,

Are you hungry or do you want any food at all?

Yes! Thank you, what s your name by the way? Water asked curiously.

Oh, my name s Ash. I can do fire.

Really? Water asked amazed. I can t do anything right now. Except make my own water.

Oh, that s ok, you ll learn later on. He replied trying to be encouraging.

Is everyone like me? She asked.

No, other s have the power of Earth, Fire, Water, and Air. Some other ones too.

Their names are close to their power. Like mine s ash.

Yeah, and mine s water. Can a person do more than 1 element?

Yes, but& it s hard, see, it s hard cause it is a lot of power for one person to hold.

Aww, I wanted to learn more than one. She sighed

Well, you probably couldn t control it right now anyway.

Really? Is it strong to know more than one? She asked.

Yes, I guess you could say it s&. too strong. We re picking going to be picking up 3 other girls.

## 2 - Fire

The Four Elements: Chapter 2, Fire

*Yawn& what time is it?* Her reddish hair was very long and starting to get annoying. Fire thought. She looked at the clock and noticed,

Wait, element school& they should be picking me up in 30 min& wait& 30 minutes!!! Fire dashed out of bed and started brushing her Amber reddish hair.

How could I sleep through the alarm clock?! She asked herself, She got dressed and ate a quick breakfast. She was brushing her teeth when the doorbell rang.

Fire screamed and spat the toothpaste out, got her coat and luggage and went to the door.

Hello? She asked as she opened the door, a man stood there.

Are you fire? She nodded. you got your luggage? She nodded again, well, let s go.

Fire went out and saw the limo. A limo! That s so, wicked! She ran to the car and the guy **Ash** walked over and opened the door fore her and put her stuff in the car.

You can sit by water, he said to fire.

Ok, hi water! I m fire, weird names we got, you can do water then? I can do fire, all I can do is light a candle, what about you? fire asked so much that water looked confused for a minute.

um& I can fill a cup with water and a fish tank& she replied.

Oh, ok, do you fight at all?

No, I m not allowed to.

Really? That s weird. Our parents are different. I usually throw fire at people if they re mean to me.

*She s a lot different than me.* Thought water.

What are your hobbies? Asked fire.

Um& I like to draw, sleep, run, jump rope, knit, and other things like that. Replied water.

Girls, we ll be going to get 2 more girls, they live close by.

Ok, both girls replied thinking what their powers are.

Do you use your power everyday? asked water starting to get used to talking to fire.

Um& yes, like if it s cold in my room which it usually is.

Ah , replied water,

Girls we re about there make room for another girl, her stuff can go in the back of the car.
