Chapter 1 - Stay

2

1 - Stay

Please never leave me
now that I finally found you
I can't bear being without you
never again

Always stay close to me
Don't lie or deceive
just love me without doubts
or second thoughts

Don't change
even if you think it would make me happier
because I love you for who you are
all flaws included

And as the worries keep me awake
I feel you stir beside me
I hear you mumble my name
telling me you love me even in your sleep

No more sleepless nights for me
now that I know for sure
if you ever were to leave at all
you would take me with you
