1 - Sigh of the Wind

Final Fantasy: Crystal Chronicles
Sigh of the Wind

Dreaming of the stars on high
That speak to me in secret sighs
Drifting on a breeze
Only I can feel and hear

Could it be the sacred wind
That's pulling me to now begin
To walk into the dark
Carrying the light of tomorrow

Need to walk the wings of high
Beyond the earth, beyond the sky
C'mon don't hesitate
Don't look back we've got to go now

Don't fear
You'll be safe with the one
Morning star watching over all

Deep inside so silently
My heart must beat
Deep inside of me
Memories flickering and shimmering on
Endlessly

Keeping close to the path
Morning star watching over all

Moving over endless mountains up so high
Walking to the light
Your heart will
See the path and you will find your way
Just wait and see

Moving under endless skies oh so high
Tomorrow we'll follow, when in doubt,
Your promises today
Just wait and see
