# 1 - Chapter 1: The attack and meeting

## Chapter 1: The attack and meeting

Osmond, a thin, 5'9, muscular boy wearing White Chest plate, dark blue jeans with holes in the knees with brown hair, his bangs covering one eye and a point at the back was standing there hunched over, one arm limb and a sword in the other fighting off soldiers that looked his age. Osmond then dropped his sword then fell to the ground as it started to rain. After a few hours the invading Lilties have left the town in flames and the survivors to die. Osmond got up holding his broken arm searching for a familiar face. As he got to his house he heard his brother's voice. "Os...Osm...Osmond...Osmond wake up." Osmond sat up and rubbed his eyes as he yawned. "You were having that dream again, huh?" Osmond got up and stretched "Yea, but this time I got to the house. Kon I'm getting hungry lets go get a bite to eat." As Osmond and Kon waded the streets the signs of war could be seen by all. A group was passing and in a confusion Osmond and Kon ended up in a recruiters office, they just couldn't leave so they had to join. The two brothers were separated and underwent training and received their swords and armor. When Kon had his dinner plate he looked for a place to sit in the mess hall, he seen a boy sitting alone. Kon know that had to be Osmond, he sat across from him. "What's on you mind Osmond?" He just sat there for a few seconds. "The attack from my dream happens tomorrow." Kon then stopped eating "We need to get out n-" Osmond cut him off "Quite down stupid! I over heard one of my trainers saying we will have to run a few miles in our equipment tomorrow and that's when we get out." Kon smiled. "Who did they pair you up with? That kid there is my partner his name is Drake." Kon pointed at him and Osmond looked. "Seraph is the one across from him, that's who I was paired up with." The next day they made the escape and a few soldiers were looking for them when the alarm went off. Osmond and Kon were walking in the Forest when they bumped into a boy with golden blond hair wearing a red chest plate with a yellow cape and the code of arms of the attackers. They both drew their swords then Osmond said "That's the boy from my dream, what's your name?" The boy stood there for a minute. "It's Kaiden." A new voice is heard. "So this is where you ran off to Kaiden, I should kill you right now." A man with long lime green hair in a pony tail wearing a red chest plate and black cape walks toward Kaiden. Kon Charged this new person and was back handed to the ground. Then Kon looked toward Osmond for what to do next, Osmond shook his head so Kon stayed laying there on the ground. Osmond then ran the him and swung his sword and the person side stepped and twisted his arm causing him to fall to the ground. "I'm not going with you Guy!" Shouted Kaiden. "Then you know where to find me." Guy said as he walking back to the town. Osmond stood up at the same time as Kon and they put their swords away. "So that's the near legend Guy, well I'll do everything I can to help you defeat him Kaiden. We should get a team of mercenary's to fight them." Kaiden smiled. "Good idea Osmond."

## 2 - Chapter 2:Zazzar

### Chapter 2:Zazzar

As the three boys watched the town go up in flames Kon started to run towards the town when Kaiden stopped him. "Don't go, they are burning the town to get as much people captured as possible. Now let's go to Zazzar, sell all unneeded things and buy equipment. I think I'll just keep my sword, what about you guys?" "Osmond is good at fighting with a Bo shaft and I'm good with my fist." Osmond was quite the whole time, then he had a confused look. "What's so special about Zazzar?" "Well it's a rouge town so we can't be turned in as deserters, let's go." As the boys traveled to Zazzar they talked and learned about each other. They finally made it to Zazzar, "Whoa that place is Hugh." Said Kon. "Let's start by going to wear" Kon interrupted Osmond. "I'm hungry let's get food first." "Yea Kon's right, we haven't eaten a real meal in a few days." They found a place to eat and as they walked in they seen a little girl trip and hit her head hard and heard her mom say "Selpily your so much a hassle." "Osmond we should see if she's ok. " "Kon, she's not even crying, she's ok." After they were done eating the girl started to cry loudly about her head. "Hahahaha she must be that stupi-" "Kaiden that's not nice to say." Scolded Osmond. They then sold all of their equipment and was surprised when Kaiden got half a million Gil for his armor and shield. They were walking around Zazzar when they heard. "HEY! You three right there. I have an offer you can't refuse. You know the legendary warriors that defeated Flare?" Osmond seen some weapons behind him. "Yea I do and those can't be the weapons they used, they would be a thousand years old and broken." The mysteries guy looked at Osmond like he was stupid. "Ahh...Dragon's flesh is like 20 suits of armor, so they had to be made from dragon scale fused with diamonds so they would never break." Kaiden almost shouted when he said. "We'll take them, how much?" "A million Gil." The boys looked worried and Osmond said "But we have a little more then half a million Gil." The guy seen Osmond's neck less. "Is that made of pure platinum with all the rarest gems? If so half a million and that neck less." Osmond handed over the money and his neck less as Kon said "But...but those are your lucky charms Osmond." Osmond smiled at Kon as he said "They just used up the last of the lucky, we got legendary weapons half off because of it." People started to rush somewhere in excitement. "Osmond, Kon let's go see what it's all about." The three ran to find town people. "What's so great about them Kaiden?" "Kon that's the black mage Matis and the black knight Aros, we need their help."
