SORA'S BROKEN HEART

part 1-the departure

note I do not own Kingdom Hearts or any of the Characters. this story is mine but not the concept. so yeahhh...

it was a sound that was as distance as the ocean. A cry of a small bird seemed to echo everywhere. The closer he got, the darker the skys's became, and the more he felt his heart being shattered by the darkness itself.

a sudden gasp filled the room. sora's eyes were wide and his face was pale and cold. He lifted his hand and brushed his spikey hair back. "what in the world..why do i keep having these weird dreams?" looking out his window he could the ocean. It was a beautiful shiny blue that seemed to cover the land." SORA!! last time I checked 11:00 was the afternoon not the morning!" looking down Sora frowned it was Riku picking on him again." just because I sleep alot doesn't mean I can't still kick your butt!" a smile came on Riku's face." Not much of a threat coming from a guy in pajamas!" Sora just laughed and showed his goofy grin. Jumping out of bed sora scowered across the floor for his cloths. Eventually gathing his stuff he bounded out the door where he was meet by kairi." Looks like the lazy bum is outta bed finally!" Sora blushed and rubbed the back of his head "you and riku just can't get a break from picking on me can you?' Kairi replied with a giggle." So are you guys ready to head for the island?" " I think so.. Riku do you rember what the king said in the letter? Riku sighed"the letter the king gave us says he should be coming around 11:30 any longer and we would have had to drag you outta bed sora" Sora scowled, they wouldn't leave his sleeping schedual alone. They walked till the reached their boats. Riku and Kairi went ahead first. Sora climbed into his boat, the waves crashed against the sides and the smell the of ocean filled the air. Looking up Sora could see the birds flying overhead. A strange feeling of saddness krept over him as he watched them. It was as if he wanted to soar in the sky with them. A sudden pain shot through Sora. He grabbed his chest and and gasped for air. He struggled with the pain fearing it would never end. and a suddenly as it came it faded. Looking in bewilderment he looked around for an answear. But all that was there was sea and clouds. Reaching shore Sora stagged out of the boat and looked around."man that was weird"he mutted to himself."what's wierd?" Surprised to see Kairi's face right in front of him Sora stumbled backwards falling on the sand."hhaahaah Sora your such a space cadet!" Jumping up Sora whipped the sand off him ,He was a little afraid to tell his freinds what happened. Just as he was about to speak a large portal appeared in the sky. a royal gummi ship appeared and floated down to the sand."is it the King?' " Must be" sand was swirling all around as the ship landed. the door slowley creaked open,SORA!SORA! two bodies flew out of the ship and landed on sora with a thump. "Goofy! Donald!...nice to see you guys but I can't feel my spine!" hearing this reply the both jumped off and started laughing."It's good to see you all again!" A small mouse lept out of the craft it was king mickey. Hey mickey whats the urgent news you wanted to tell us?" Riku asked. the smiles that had appeared quickly fadded. A seroius face

now was worn on the mouse's face," Something terrible has happened. What we thought was the end was only the begging but we can't talk here climb aboard and we can talk later at HALLOW BASTION." Sora surprised at the news didn't know if he should be happy or sad but he knew one thing." I'm sure whatever it is we can handle it now that we're all here together." a smile came across everyone's face again and the king laughed to himself. they all climbed aboard and lifted off the sand and shot off into space. Staring outside of the window Sora watched as the planets and stars zoomed by. The feeling of fading away seemed to fill the ship." You alright Sora?" Riku looked at his friend concerned " Huh? oh yeah... i was just wondering how everyone is doing." " Well we'll find out soon won't we? Riku looked at Sora for an answer. Sora smiled but couldn't shake this very uneasy feeling over him. Kairi seemed to be the only one to notice Sora's discomfort." Sora is there something you wanna tell me?" " oh it's nothing I'm just sleepy that's all. Kairi sighed and started to walk away." Kairi!" "yeah Sora?" " I'll protect you no matter what happens okay?" surprised Kairi started to blush at Sora's remark. But their moment was ruined when a small voice sounded around the ship "We're here everyone get ready!"

2 - The new threat

PART 2 THE NEW THREAT

the royal gummi ship landed in the the terrance of the town. As the climbed out of the sora looked at the beautiful city that was once a broken and demolished city. But Now was a sparkling town with a magnificent castle in the middle. I was seemed to touch the very heavens. Sora could now see how this town was once called Raident Gardens." *Well look who's here*" befor Sora stood Leon,Yuffie, Areif, and Cloud. Sora smiled it was good to see his freinds again. " *We got your message king mickey are you ready to have the meeting ?*" Leon questioned. "Yes of course the sooner the better" the mouse squeeked. befor he knew it Sora was in Merlin's house siting at a long table with everyone sitting around him. He was dissapointed he couldn't catch up with anyone, but he hid his feelings for the time being. King Mickey sttod up and cleared his voice"Everyone i have contacted you all to tell you about a serious threat that is even more dangerous than the heartless and nobodies." " You gatta be kidding me? how come we defeat one threat an even more powerful one shows up?!" Sora shouted " Calm down Sora I know how you feel but it's proof how desperate the forces of darkness are becoming. they are starting to send their most powerful forces to stop us. This time the threat we face is called the antishadows." all around the room a small uneasyness was felt all around. Sora was confused "ANTISHADOWS? what are they are they like heartless?"

" There'yre a lot stonger they can only appear out of people's shadow's but I'm not exactly sure how they are created. We were attacked by them in the catsle... i tried to destroy them with my keyblade but they could heal so fast that i was only able to destroy 1 out of the 50 that came..." " Are you serious only one? what happened to the castle? and wouldnt the conerstone of light keep them away?" Riku couldn't beleive that the king, as good as a fighter he was, was so unevenly unmatched. King mickey looked down in silence and took a heavy deep sigh." The castle was taken over and I had to flee with Donald and Goofy we were the only ones who could escape, the rest are still trapped in the castle." Sora quickly jumped up." We have to hurry and save them or!!... ' I KNOW SORA!....." Mickey shouted in protest." but we can't fight them how we are now, we are to weak. what also troubled me is that the closer they got to the conerstone they bigger and stronger they became." Sora bit his lip in anger he didn't realize what he said hurt the king very much. What the king said ment that his wife, queen Minny was still at the catsle. But I seemed that the part were they got closer to the conerstone the stronger they became made Sora shiver. Seeing Sora upset kairi quickly changed the subject."well what do you suggest we do the King mickey?" the small mouse stared down at the table in thought. Goofy's voiced sounded at the end of the table" What about yen Sid?" Donald looked up in surprise" Of course! Yen-Sid would know he knows everything! Donald looked at the king with excitment." thats a smart idea Donald but I already treid to contact him but I can't seem to find him. Sora poudered for a moment "Well I guess we better start looking for him! we aren't going to get anything done by sitting here!" King mickey smiled in surprise and agreed. But just as Sora was to respond the sharp pain that came apoun him before was back. Sora grabbed his throbbing chest and tried to keep himself from falling. Riku jumped up from his chair and went to catch Sora."Sora are you alright?! SORA?!?" Sora took a gassed for air and tried to reassure his

freind."AAAGHHHHHHHHH!!!!!!" eveyone jumped in their seats, screams were being heard outside the house. Everyone got up and took out their weapens. and raced for the door but if flew wide open. A large black human shaped figured apperaed. Toxic looking smoke rose from the creature. The claws on it's hands were as sharp knives. The only detail that could be seen on the creature besides it's black shape was 2 large yellow eyes that drifted around the room as if looking for somthing. and dragging behind it was a body limp and lifless.

PART 3 THE AWAKENING

Everyone seeing what they were truly facing slowly backed away. The black creature slowly walked in dragging the lifeless body with it. Glancing at the body Cloud began charging forward and swung his sword upon the creature, cutting it in half. The creature's body became limp and dropped the body. "Is it dead?" Kairi slowly walked over to it. A sudden breath of life returned to the creature, sensing this Leon grabbed Kairi and threw her back as the black blob quickly reshaped and flew at Leon. Holding his sword Leon swung a series of attacks. But as soon as he finished the creature unfazed, regenerated from each attack. Grabbing Leon, it threw him across the room into the corner taking the breath out of him. Swinging around, the creature went for Arieffe. Jumping in the way Cloud was stabbed in the arm by the creature's claws stopping him from using his sword. Blood seeped down from its claws as it made short work of Yuffie. It went towards King Mickey, Donald, and Goofy. Donald charged forward raising his wand "BLIZZARD!" the creature was soon enveloped in ice. Goofy threw his shield at the creature shattering it into pieces. HOORRAAY! WE DID IT!! the two danced around in joy. But the mass on the floor burst from their icy prisons and gathered back into 3 smaller forms. The forms lunged at the trio and held them tight. They struggled to get free but it was pointless the creatures were too strong. All that was left was Riku, Sora, and Kairi. Two more creatures appeared at the door and walked towards the survivors. ARRRRGGGHHHH!!! Riku ran towards the couple with his sword drawn jumping into the air swinging his blade cloaked in dark power. Sora stood in the corner with Kairi. The pain in his chest was still there but he ignored it and materialized his key blade. "SORA STOP! you can't fight the way you are!" Kairi's eyes were welling up with tears. "I won't let Riku fight alone! and Kairi..... I told you I would protect you no matter what.." Looking back at Kairi Sora smiled and ran towards the fray. Uttering a fire spell he set the creatures on fire. "It's about time you showed up!" Riku panted "Well you know how it is, slaying giant black creatures is what I do best." smiling they both did a series of attacks that flowed with each other like a dance. Causing the creatures to keep regenerating so much they couldn't attack. But the pain in his chest was starting to get to Sora. He collapsed to his knees heaving and panting. Seeing Sora's exhaustion Riku went to go help his friend. But the creatures quickly acted and grabbed Riku and Kairi by their necks and slamming them against the wall. "Crap!.....Can't breathe!" "soraaa....ugh!" "NO RIKU KAIRI!!" Sora stumbled towards his friends, but his legs gave out on him. The room began to fade. Sora could hear his friends gasping for breath, he could feel the very air around him freeze. and soon everything was dark and no sound could be heard. "I have to save them... I have ..to I promised.....NO MATTER WHAT..." all of a sudden a force exploded inside his chest. The pain was now replaced with anger and bloodlust. He could feel a power bubble from him like acid. He didn't understand but in fact he didn't care, all he wanted was for all the creatures to be gone. Looking over the creature's shoulder Riku watched in horror as a dark Sora rose from the ground, his skin had turned pure black. His eyes that were once a sky blue were replaced with bright golden eyes. A horrible black smog drifted from this form. He looked almost just like the creatures that had slaughtered everyone. The creatures looked at the risen being who was now staring back at them very pissed off.
