1 - Outtakes!

It was another normal day at the studio, another shot taken, more surprises revealed, and it was time for the 10 minute sandwich break. As Naruto ate his pastrami with swiss on french, he ventured around the studio, in search for something to do. I mean, he's gonna finish it in 3 minutes, what to do with the other 7? He found a door that said "REJECTED TAPES ROOM" on a piece of paper. His curious side taking over, he opened the door to find a bunch of tapes lying around the room. Most that were labeled "OUTTAKES OF EPISODES ###, ### & ###".

Okay, ALL of them were labeled that.

Naruto snuck the tapes into his bag, and when the day was done, he called everyone and told them to come over to his mansion (What? He only lives in an apartment in the anime/manga!) and bring sleepover stuff. When everyone got there, Hinata greeted them (She was Naruto's room-mate ^_^d), brought them to the movie room with the movie-screen sized TV, and waited for Naruto to come with the snacks. When he got there, Neji asked, "Why did you want us to come over? What did you find?" Naruto showed them the neatly placed stacks of tapes. "Gag Reels. I found 'em at the studio." He told them. He popped the first tape in, and when everyone got comfy, started the tape...

2 - The bet of doom

I did not write this. My friend zabimaru456 wrote this and said I could post it on here. Just wanted to clear that up ;D

Gaara lost a bet all he had to do was not use his sand for 1 day... (Gaara's thoughts: easy)
He walked along and stopped by the soda machine. He reached in his pocket and didn't have a quarter.
He looked around and thought about using his sand...
A villager walked by and dropped a few quarters (great now i can get a soda)...
the soda got stuck!!!!!! *bom bom bom*
He reached up the machine and...(Damn) he couldn't reach. Kankuro walked by and Gaara said "Hey bro I need your help."
"With?" Kankuro wondered.
"My soda is stuck in the machine." Barked Gaara.
"Oh!" replied Kankuro. "And why do you need my help?" He wondered.
"I made a bet." Gaara scowled as he said it.
"Oh." Kankuro stated.
"Can you get it with your puppet for me?" Gaara asked.
"You have a fridge in your office." Stated Kankuro.
"Oh..." Gaara said with a very blank look. (Damn him now I feel stupid) He walked to his office and it was locked... He heard a noise from inside... He searched for his keys which he couldn't find.
He used a kunai to pick the lock - and Shikamaru and Temari were making out...
Gaara threw the kunai and almost hit Shikamaru. "What the hell is your problem?!" Yelled Temari.
"How troublesome..." muttered Shikamaru.
"Get...away...from...my...@\$^**%...sister!!!!!!!!!" screamed the treifing kazekage. Shikamaru walked out of the room while the 2 siblings were still screaming at each other. Gaara finally lost and walked to his fridge...upon opening he found that all his soda was gone!!!!!!!!!!!!!! He grabbed a bunch of weapons to face his new enemy {the soda machine} it was a very fierce moment...
Gaara was at the brink of victory when he got mad and used his sand to asplode the soda machine.

{two weeks later}

This poster was all over the sand village.

Naruto {the hokage} had outsmarted gaara...

He rigged the soda machine, gave Gaara crackers {salted} and stole all the soda in his fridge. Naruto used his brain for once.
