1 - Enter Sailor Sun! The Senshi of Darkness!

Peace returned to Tokyo after the battle with Galaxia. And as Usagi and the others said goodbye to their new friends from Kinmoku, a new trouble began brewing. A darkness that could not go unnoticed.

Usagi layed back against the tree, with her lunch in hand she sat in the cool shade, thinking about yet another new failure to add to her collection. "Ami-chan! Please help me study! If I get another bad grade my parents will kill me!"

"Usagi-chan everytime I try to tutor you you always dose off or pay more attention to a new manga release." said Ami.

"Yah Usagi, your just a lost cause!" Minako said with a great degree of sarcasism.

"But school is just so boring, why can't we just eat some yummy cake and sleep as long as we want." Usagi groaned.

"Well Usagi if there is a place like that sign me up!!" Minako joyfully boasted. Everyone laughed and they enjoyed the rest of their lunch happily talking about plans for the future, things only normal people would discuss. For once in their lives they all lived in peace.

Usagi and the others met up with Rei at the normal spot. As they sat around enjoying their desserts and laughing and joking around, they saw a group of people running as if they were being chased by a terrible beast. Usagi and the others got up and ran outside, they found a beautiful young woman standing in the middle of the deserted streets. This woman was dressed in straight black, her hair was very dark shade of blue, a little lighter than blue. The black dress did not match up with the situation she was in, a beautiful skippy black dress for the cause of terror. "You who have sailor lights, come before me now!" The woman screamed at the top of her lungs.

"Usagi-chan, transform now!" Yelled Luna in the heat of panic.

"Moon Eternal Make-Up!" yelled Usagi

"Mars Crystal Power.." yelled Rei.

"Mercury Crystal Power.." yelled Ami.

"Jupiter Crystal Power.." yelled Mako-chan.

"Venus Crystal Power.." yelled Minako.

"Make-UP!" Everyone yelled.

The woman smiled a most evil smile. She was satified with the outcome she had produced. Five Sailor Senshi stood in front of her and all she had to do was pick who was first, all the work had been done for her. The woman reached out her hand and beckoned to the Senshi, "which one of you would like to be my demonstration!"

"Who are you and what do you want!" Yelled Usagi, getting a little annoyed now.

"I am the Senshi of the Underworld, I am Sailor Nemsis! And who are you?!" Said the woman.

"I stand of love and justice, Sailor Pretty Soldier Senshi, Sailor Moon!" Usagi announced. Sailor Nemsis smirked an evil smirk, she gazed to her side waiting for something, or someone, to appear. She straightened her hand out and aimed carefully at her first target, Sailor Mars. To her mars looked the most vulnerable.

"Sailor Moon is it possible for her to be a Senshi?" Luna asked.

"Luna! How am I supposed to know!?" Usagi whined.

"Well we never heard rumors of there NOT being a Sailor Nemsis, at this point we can only call it true."

Ami exclaimed.

"Well, whoever she is, she is going down!" Mako-chan said excited now about the thrill at a new fight. Sailor Nemsis, shot a single beam of light that shot straight through Jupiter, not who she wanted but she would have to do.

"JUPITER!!" The four senshi yelled out. Sailor Jupiter fell to the ground, she was absolutely lifeless. Her eyes were blank and she fell with a great thud. Everyone ran to her side but she seemed to be dead, or dying.

"HAHAHA, NOW THEN SAILOR LIGHT COME BEFORE US!" Nemsis yelled.

"Stop right there Sailor Nemsis" A mysterious voice called from beyond. The senshi looked around to find the source of the cry, but were unable to pinpoint it. Sailor Nemsis on the other hand stared straight at the cause of the outburst with a distressed look.

"You who spreads evil and chaos across this world, you who abuses the dark power. I am the Soldier of Darkness, I am Sailor Sun" The girl exclaimed and jumped between Usagi and Nemsis.

Another black figure joined Sailor Sun and exclaimed, "I am Sailor Chibi Sun!"

"In the name of the Sun we shall take back the power in which you stole!" They both said in unison.

Now the four senshi stood awestruck, one senshi was dying. And now there was three new senshi that had introduced themselves all over the course of a single day. Now they had to determine if Sailor Sun was there friend or foe.

2 - Friend or Foe! The Choice of a Pure Heart!

The senshi were confused. This "Sailor Sun" was a controller of darkness! She said she protected it and she was here to help them?! A small cat jumped down to Sailor Chibisun's side, Luna hissed, she had finally realized where the people were from. "Sailor Sun, so good to see you again!" Sailor Nemsis boasted, "I thought our last meeting in Kyoto would have been our last!"

"Nemsis, how can you stoop so low as to attack innocent people! You are just sick!" Sailor Sun yelled, she quickly turned around and headed toward Jupiter. The other senshi braised themselves, she bent down and held her hand out over Jupiter's chest. "Power of a senshi, the core of their being come forth from your deep sleep and aid us in battle," Sailor Sun mumbled. A huge light appeared and disappeared as quickly as it had come, and a little green ball stood in it's wake. Sailor Sun took it and it disappeared. "WAIT!!" Sailor Moon yelled, "What about Jupiter! Will she be alright?"

"Your friend will be fine, Sailor Moon-chan," Chibisun said.

"Sailor Sun we must get going we no longer have a purpose here." The cat said with a deep urgency.

"Yes, Mushuro, you are right. Chibisun we are leaving" Sailor Sun said.

"Right" Sailor Chibisun replied. The three of them disappeared into the night and were forgotten. Sailor Nemsis was gone too, she retreated seeing that the battle was pointless now.

"Usagi-chan, I have to talk to you and the rest too," Luna exclaimed. Jupiter opened her eyes and sat up.

"Huh? What happened?! Where is the enemy!?" Jupiter said confused and dazed. Everyone hugged her, glad she was alright and they retreated for now to figure out a strategy.

Makoto's Apartment:

"Luna, what's wrong, is there something on my face?" Usagi asked as she looked for some stray cake on her face.

"Usagi-chan! For once be serious, we have a huge problem!!" Luna hissed in distress.

"Luna what's wrong with you? We beat the enemy" Minako said, "and not to mention we found some new alli..."

"Minako! Those two are not our allies!" Luna disagreed

"But Luna what point do we have to distrust Sailor Sun and Sailor Chibisun? They helped up get rid of Nemsis and she returned Jupiter back to normal" Ami exclaimed.

"Well, I'll explain to you everything I know about those two senshi. If you still want to trust them then their is nothing I can do," Luna started.

"Ok Luna lets here what you know, I may help us understand our enemy's motive as well." Makoto said, as she brought out another cake for Usagi to devour.

"Alright, long ago when the Silver Millienium was still around Queen Serenity was at war with Queen Helion of the Dark Kingdom. The Dark Kingdom was also known as the Kingdom of the Sun. The Sun Kingdom wanted the power of the Silver Crystal that Queen Serenity possessed. But soon the tide turned and Queen Serenity was about to stop the Sun Kingdom for good. But, Queen Helion summoned Queen Beryl and her army in order to destroy the Moon Kingdom for good. Sailor Sun was sent to the Moon Kingdom in order to make sure that Queen Beryl fulfilled her part of the deal, but she was killed by her own allies and she must have been reborn with the rest of us." Luna explained, the five of them looked at her in shock.

"Luna does that mean that Sailor Sun is our enemy as well?" Rei asked.

"No! That can't be true Luna, it just can't!" Usagi yelled, "no senshi is bad! Haven't we seen that yet, every senshi we have fought have always been good clouded by evil!" Usagi stormed out of Makoto's apartment. She truly couldn't believe that someone who had saved her friend was an evil person. "Usagi-chan," everyone said. But they just sat there, they didn't move, they all contemplated what Usagi had said.

Usagi ran as far away from her dear friends as she was able to, she didn't want to think about anything. For once in her life she wanted to find something to do alone. Usagi plopped on the park bench and layed back and look at the stars, she reflected on her life. Her childhood, the battle with Beryl, every detail from the beginning of her life as Sailor Moon to now. She still couldn't understand why everyone assumed that Sailor Sun was bad. Usagi knew that she possessed some compassion that would protect the senshi from anything.

"Umm...Excuse me, but are you ok?" A voice said, Usagi looked up, she saw another beautiful woman staring at her. She had long black hair, probably longer than Rei's, she had a beautiful shade of sky blue eyes that seemed to sparkle at her. Usagi looked in amazement, this girl couldn't be much older than she was!

"Uhh, yeah I was just thinkin about some stuff" Usagi said embarrassed.

"Oh, well maybe I can help, may I sit?" She said.

"OH! Yeah" Usagi said as she scooted to her left to make room for her, "by the way, my name is Tsukino Usagi. But please call me Usagi!"

"Nice to meet you Usagi," the girl said, "I am Mitsuke Erin." She held out her hand and looked as professional as possible. Usagi shook it and they both laughed.

"Erin-chan, what are you doing in a place like this at this time of night?" Usagi questioned.

"Well I guess I could ask you the same thing" Erin said, Usagi blused. Erin chuckled and then she continued "but I'm here because I am little nervous, you see I start at a new high school tomorrow since I have just moved here."

"Well. Where are you going to school," Usagi asked in pure intrest.

"I'm going to Juban High but..."Erin started.

"I GO THERE!! Don't worry Erin-chan I'll show you around, I'll even introduce you to my friends if it makes you feel any better." Usagi exclaimed.

"Thank you Usagi." Erin said with sincerity, "so Usagi why are you here at this time of night?"

"Oh well you see" Usagi started, "me and my friends were talking about someone at school who everyone has been saying is a mean person. So my friends said that we should stay away from them, but I disagreed and kinda stormed out."

"I see, Usagi I admire your determination to be kind to people, it's not something you see very often especially in this day and age. But Usagi you should apologize as soon as you see them tomorrow so that they don't distrust you. If you are all friends it will be alright." Erin said with confidence.

"Thanks Erin-chan!!" Usagi exclaimed, "I should probably get going, I'll see you tomorrow."

"Bye Usagi," Erin said. They both went there separate ways with the promise of meeting tomorrow. They both had no suspicions of one another, and they both had no idea as to what was coming.
