By: FTC

I watch the perfect flowing of the serene waters; Wind emerging with its dancing sparkles; Reflections of the fading sun.

The moon reflects it's careful gaze upon the earth; engulfing the; engulfing the light into shadows of darkness, besides the silver shine emanating from the white opal above.

Clouds shift their comfy positions; revealing tiny specks of crystal light; Beautifully strewn across the sky like Christmas lights.

But the darkness is defeated, for the sun has risen, destroying its blanket if shadow; Revealing the golden shine of the light once more...
