A Single Flower Could Lead To A Kiss And More For Big Cheese And Polly

Big Cheese had purchased a dozen flowers to give to Polly

As an apology for him calling her ugly in the past.

He said to himself first I will hand her the flowers and then apologize.

Then he thought that is if she does not hit me with them before I apologize.

Then a gust of wind blew the flowers away all except one.

He ran after the others but they made their way over a cliff.

He stopped just before the edge and stumbled backwards landing on his butt.

He started to cry when Polly came along and noticed him and she wondered what was up.

She soon found out when he spoke out-loud and he did not realize she was there.

He said "darn my only chance to apologize to Polly and I blew it big time!

I lost all but one flower and no girl in her right mind would accept this as an apology!

I wanted to apologize for calling her ugly and to let her know I did not mean it.

And that I only said it as a Juvenal ploy cuse I knew she would never like me.

I Love her and I know she will never feel the same so I may as well jump to my doom!"

Polly could not stand by and let him jump so she said to him "Big Cheese don't do that."

He stuttered "PP---OO--LL--YY--!" and he stumbled towards her feet

She picked him up and he blushed causing her to blush too

He handed her the flower and said "I suppose you heard all that?"

He was still blushing causing her to continue blushing as well.

She stopped blushing and said "Yes I did and I accept" then she kissed him on the cheek.

He blushed again and said "that went better than I expected."

But he did not expect Polly to Kiss him hard on the lips which made him blush very hard.

But thought this is much much better than what I expected.

After the kiss he said "I Love you Polly."

She replied "Ditto" then they went back to kissing again.
