Chapter 1 - C'est la Vie

2

1 - C'est la Vie

Stirred by impulses that there's nothing I can do
That has begun for me now, feelings searching for you

Just like predictable movies and books are boring
When life is a little bit off, it might be more fun

This warm feeling is c'est la vie
As long as I am me
C'est la vie, I want to keep on being in love with you
Running through the place where this moment lives
Right in front of me

Why is it that people have but one chance to live life
Why does time not stand still even for one second

Just like an unexpected someplace
Causes sores from the shoes on my feet
From time to time someplace in my heart feels pain

I know I will find you, c'est la vie
That's the reason I am me
C'est la vie, that's the reason you are you
I can't see anything, but I want to see something
So I chase after you

Just like predictable movies and books are boring
When life is a little bit off, it might be more fun

This warm feeling is
C'est la vie, as long as I am me
C'est la vie, I want to keep on being in love with you
C'est la vie, that's the reason I am me
C'est la vie, that's the reason you are you

Running through the place where this moment lives
Right in front of me
Right in front of me
