1 - Us And A Angel

Us And A Angel

Along the lush, dark 100 green grass, we walked
Beside me, stood a true golden hearted friend
On the other side, was our guardian angel
At midnight sharp, with stars so bright
With happiness that warmed our hearts, we ran across the lake
Towards the other side, we saw a loner
Until we gently walked, towards this person
Infront of us, this unknown broken hearted person sat
Without hesitation, we sat and comforted this person
Around and around, the hands went on the old clock
Until dawn came, we parted
Within time, we would wait till dusk
Into the yellowish/golden shining clouds, the guardian angel left
Down went the sun as we ran towards the shallow peaceful lake
Unlike others, us four stick together
