1 - Mirror incident...

Sorcerer Stabber Orphen:Lai and old friends... O.o;;

Lai was striding through the Tower of Fang, unsuspecting of the speeding sorceress behind him. CRASH!!! The sorceress leapt onto Lai's back and succeeded in knocking him over. "Who knocked me over" groaned Lai. "Lai! Don't you remember me?? I know! Who am I?" asked the sorceress. "You're an extremely hyper student who happens to have been in one of my classes today?" answered Lai. "Nope, think powerful intelligent yet hyperold friend slash not-completely-human" said the hyper-active sorceress climbing off Lai. "Ciber, that you?" asked Lai getting up and turning around "Yup, that's me alright" said Ciber. "I think while you were dealing with that other magic school you turned more insane than you were when you left. And before I forget, are you staying here permanently?" asked Lai hugging Ciber who blushed slightly. "Sure am, anything interesting happen when I was gone? Anything I'm going to want to hear" asked Ciber, now walking with Lai down the hall to her old room. "Not too sure, maybe you'd like to hear about the *mirror incident*" said Lai. "Please Lai" said Ciber glancing at Lai and finding that he was glancing at her too. "One day about a month ago, we had a new student come in. They were so excited and stuff about being able to learn magic and sorcery, on his examination day. He accidentally hit one of the enchanted mirrors, the spell bounced off the mirror and burned a bit of Hartia's hair off" said Lai smiling, remembering that day. "Nice, I think I might blackmail a certain somebody one day, or I could simply watch you run in circles away from Hartia. You know, I never thought you were too athletic Lai" teased Ciber, smirking at Lai's look of horror. "You wouldn't" said Lai, leaning his head pleadingly on Ciber's shoulder. (I know this doesn't quite make sense but just think, Lai with his head on Ciber's shoulder saying 'you wouldn't'. But Lai's voice muffled). "I see the duo from the dark corner is back to normal" said Hartia smiling at Lai's horrified look. "Would you call back to normal torture as soon as you arrive?" asked Lai noticing Ciber leaning back on him with a grin plastered on her face. "In Ciber's case perhaps" said Hartia. Both Lai and Hartia stared, both amused at Ciber's pathetic attempts to escape from Lai's grip. (How rude of me, I should have added that Lai wrapped his arms tightly around Ciber's stomach. Oh well, it didn't seem the right time to. Sorry for the interruptions, I just need to fill you in on some stuff). "Lai, let go of me. Hartia! Help me" said Ciber, squirming furiously in Lai's grip. "Hmmm, No. Besides, I've got some things to attend to and Lai, after this I think it would be best to leave Ciber to rest. You may think otherwise but trust me, I can see it in your eyes Ciber" said Hartia leaving the room. After Hartia had left the room Lai lowered his head and kissed Ciber softly on the cheek. "I'll leave you alone if you give me a kiss" murmured Lai, letting go of Ciber. "Alright then, we're bound to find each other again later" said Ciber, turning around and kissing Lai softly on the cheek. (It's late morning and before Ciber left the Tower Lai and her had the start of a relationship *love not friend*). Shortly after Ciber felt Lai let go of her and leave the room, once he was gone Ciber unpacked the few things she had and took a nap on her bed.

First Chapter Done. P.S. I DON'T own Sorcerer Stabber orphen in any way at all. This is a story for entertainment purposes and I don't make any money out of this at all. P.P.S. I do own Ciber, and the plot of the story but not Lai, Hartia the tower of fang or anything else.
