# 1 - Untitled

*Everyone is different, there is no one the same as me,*

*What is classified as normal, is impossible for me to be.*

*We come in different shapes and sizes, everyone is each their own,*

*Choosing to be yourself , may leave you very well alone.*

*Why do people judge, its because its that they're scared,*

*Without even thinking, they've never even cared.*

*Take a chance to get to know me, even only for a while,*

*You'll learn alot about me, and that my clothes are just a style.*

*Not a day goes by, that people move away as I walk down the street,*

*I guess I'm not the kind of person that they're interested to meet.*

*I don't want to be called normal, I couldn't stand to be the same,*

*Its funny how in life, I have to play this little game.*

*In a world filled with choices, I choose to be this way,*

*And continue to be my own person, no matter what they say.*

*How dare you think your better than me, its obvious that's not true,*

*Its because of all the circumstances, I'm never going to be like you.*

*You can go and change me, I dare you to even try,*

*Like I'd ever give in, I'd rather give up and die.*

*It doesn't even matter, nothing in life is fair at all,*

*Every time you get back up, again your going to fall.*

*They're going to rub it in your face, you've got to be strong,*

*Its been difficult always, as its been all along.*

*Be true to yourself, because who else can you trust, maybe your alone,*

*Its not easy being me, but I guess that's why I'm like stone.*

*Make your own decision on who you are today,*

*And stick with that choice, its easier that way.*

*Use a little common sense, and let people see,*

*You and I are different, that's how it'll always be.*
