**Chapter 1 - If Only The World Could Be Free**

**2**

# 1 - If Only The World Could Be Free

If love controlled the world think of what could be  
People of every Race, Age, And Sex would live a life so free  
With a world free of discrimination  
The world would be a united nation  
People could dress, act and speak and look their very own way  
And no one would ever be criticized for what they'd choose to say  
This world would be powered by love, dreams and hope  
To wash and rinse this filthy planet if only with a bar of soap  
Just cleanse everyone's thoughts and remove the worthless rubbish that has been fed by evil through  
the ages  
And be like a pencil and eraser and erase the unneeded pages  
If only things could be that easy to delete  
There would be no trouble to defeat  
The Racism, Prejudice and Sexist acts that are all around hate  
This world we all live in would have a better fate  
But because the worlds not like this and we'll have to work together  
Put aside our differences to make the future better  
The world of today is our children's future  
And thats not the world we want them to live in with the past as their teacher  
Someone has to take a stand  
To put out a helping hand  
Everyone has to say "NO" to stop the path of hate before Earth's swallowed  
To keep up hope that all are followed  
For the world to be free is a dream  
All that needs to be removed is the hate scheme
