# 1 - Loveless Night

## Loveless Night

Hold me with your endless skin that  
Holds the same endless soul  
With lips, speak breathless  
To the breathless mouth you stole  
Touch my senseless skin that  
Touches my senseless body parts  
Bleed the weightless tears that swell  
In my weightless beating heart  
Stop my endless troubled rot  
With the endless smiles you brought  
Spend countless time without  
Countless, confusing thoughts  
Stay, and wake me sleepless  
With the hand that sleeps by your side  
Softly stroke my tearless eyes  
And hide the soft, tearless cries  
We live in timeless desolate spaces  
That rests in timeless beautiful places  
Stray from joyless, tempting thorn bushes  
That pierce joyless my side in embraces

Think about you restless at every moment

Seconds that tick slowly, restless in time

Call your name brakeless into the air

With brakeless noises clumsily unrhymed

Loose and lightless around my waist

With lightless, flutter of butterflies

Running graceless to search the earth

A graceless run of searching eyes

I falter painless into this shallow night

Faltering beneath a painless, swallowing streetlight

Watching aimless as the flash flickers

Like the aimless flickering feelings I fight

And soon the glitter fades and dimmers

Leaving me to this loveless night
