Chapter 1

"Oh great!" Tyson exclaimed, hopping out of the BladeBreakers bus, followed by Max and Rei. They walked around the bus where the driver and Mr. Dickenson were assessing the damage.

"How bad off is she Mr. Dickenson?" Rei asked

"Pretty bad...we'll be stuck out here for a while..." He replied sounding rather distraught.

"Well that's just great...we're gonna starve out here..." Tyson said sat on the ground and began to whine.

"Might as well go have a look around.." Rei said turning around and walking back around the bus to the strange entrance where Kai stood examining the walls.

"Hn..." He said, "These walls are fake."

"Nani?" Rei said walking up behind Kai and wrapping his arms around Kai's waist and resting his chin on Kai's broad shoulder.

"These walls are just plaster..who ever built this place just made it look old."

"Well...want to go see whats on the other side?" the amber eyed kitten asked his ruby eyes phoenix hopefully.

"Why not..." He said looking over to the bus, "Doesn't look like were getting out of here anytime soon." He said turning around to face Rei and placed a chaste kiss on his koneko's lips and then gave him a soft smile. Rei returned his smile and untangled his arms from around Kai and walked over to his team mates on the other side of the bus. Thank god they couldn't see him and Kai. He and Kai were in kind of a secret relationship.

"Hey...you guys wanna come have a look around with me and Kai?" He asked.

"Sure!" Max and Tyson said enthusiastically. Tyson peel himself off the ground and followed Rei to where Kai stood.

"Shall we?" Rei said looking at Kai and flashed him a small smile.

Kai didn't miss Rei's smile and found it hard to resist smiling back. He recovered his cold composure. "Whatever.." He said and turned on his heel and took the lead into the tunnel. Max and Tyson next and Rei took up the rear.

Kai stopped a little while into the walked and waited for everyone to catch up. Max and Tyson were caught up in a friendly argument and walked right by Kai, not even noticing him. Rei noticed him and ran to his side. He grasped his hand excitedly.

"I wonder what we'll find on the other side.." He whispered excitedly in Kai's ear and then gave it a playful nip.

Kai smiled a little at Rei's nip and then whispered back to him. "Who knows..." Kai said giving Rei's hand a squeeze. "Let's go find out.." He said keeping possession of Rei's hand and lead him down the tunnel.
