Wisdom from a Teenager's Mind

You look but, you don't see

The fire that is forever burning in my soul can easily turn into a raging inferno

Those who say that they are always honest are the biggest of all liars

No one is invincible

Those who know nothing can understand nothing - taken from Kingdom Hearts; Ansem, Seeker of Darkness

Why do you hate me when you know so little about me?

Beauty is a curse on the world - taken from Nip/Tuck; The Carver

You are no superior to anyone, no matter how much you think you are

The weaker someone appears the stronger they are

Without darkness there is no light, without sadness there is no joy

I follow my own path, not others

There are three paths one can take in life. The dark path to night, the light path to day, and the twilight path to dusk. Or dawn.

Those who change to fit the mold society has created are those without their own personalities

What price would you pay to stop all the fighting in the world?

In a world wrought with pain, despair, and war, there will never be peace

Logic and science can not explain everything

Must every action have a reason?

If you ain't laughin' , you ain't livin' - Carlos Mencia

The future is not as written in stone as every one thinks

Look at my soul, not my face

Judge me by my heart and soul, not my face and clothes
