It was a sunny day in Amity Park It was Valentines Day and like always love was in the air. Danny Fenton was in his room reading his comic books when there was a knock at his door."come in"! he said "Hey Danny"! said his best friend Tucker. "Hey Tuck"! said Danny "Happy Valentines Day"! said Tucker. "You too" said Danny then it hit him "oh shoot"! said Danny jumping up "What is it"? said Tucker. "it's Valentines day and I havent got anything for Sam"! he said. "well,what are you going to do"? said Tucker. "I'm going to give her the best Valentines Day gift ever"! said Danny."what will that be"? said Tucker. Danny thought and thought finally he made up his mind "I'm going to go into the ghost zone and see what the ghosts think". said Danny "I'm going ghost"! and turned into Danny Phantom he went invisible and went to there basement. He pushed the button for the door and it slid open and he flew in. *where to start* Danny thought. with a sigh he thought *I'll go to the ghost prison* and he flew in that direction. When he got there Walker was in his office it was a mess he had never seen Walker's office like this.Then he saw Walker,Walker looked up "what is it Danny Phantom"? said Walker sourily."um,look I need advice". "yeah" said Walker "what should I get for my girlfriend"? said Danny. "I don't know Walker snapped "well,get her roses". said Walker "or give her chocolates girls love chocolate". he said "I'll think of that". Said Danny and he flew off *Where to go next* said Danny as he dodged a cannon ball "I'll ask him." said Danny then he flew over there "trouble on the stubborn bow". "that's starborn bow". said his wise craking parrot "whatever". Danny landed and he got right to the point "what should I get for my girlfriend?" said Danny "I don't know"? he said "prehaps a carnival". said the parrot "that's allways good for a girlfriend". said the parrot "I'll think of that". said Danny and he flew off then he saw Sulker maby he'll have something and he flew in that direction when he got there he almost cut Danny in half "whoa"! said Danny "what do you want"? said Sulker. "what should I get for my girlfriend"? "give her some earrings,or a dress or maby a present". said Skulker "I'll think of that". said Danny then he flew out then when he was out of the ghost zone he thought of all the things that the ghost said then he walked up. When he was going to his room he saw Jazz his sister *Jazz,shes a girl shell know what to get for Valentines Day* Jazz was reading a book like allways "Jazz,if you had a boyfriend what would you like from him"? Jazz looked up from her book "I don't know maby a nice romantic dinner". she said Danny thought of that then he saw his mom Maddy "mom what did dad get for Valentines Day"? he said "well were going to go for a romantic walk on the beach". said his mom "ok thanks". he said and went to his room and thought *well,maby a black dress or some black roseshe* thought "and tonight a nice relaxing walk on the beach". he said and he went ghost and flew out of his room and he landed and went out of his ghost abilty and went into the flower shop "yes, can I help you"? said the clerck "Yes, I need a dozen of black roses". said Danny the clerk frowned "sorry we don't have any black roses but you can give her some plastic ones that look real". said the cleark "I'll take those". said Danny and he gave the cleark some money then he walked out and he saw Sam *I can't let her see me yet* thought Danny then he went into the chocolate store he was looking "yes can I help you"? said the clerk "yes,I need a box of chocolate". said Danny the clerk pointed to a box of chocolates so he handed her the money and made shure the coast was clear and he went to his house and made it look nice.He walked to Sam's house and knocked on her door and she opend it "Happy Valentines Day". he said and kissed her cheek "you to." she said back then he handed her the roses and the chocolates "oh Danny". she said "that's not all". he said and they went to the movies and watched the movie "theres one more thing". said Danny and they went to the beach and walked on the beach and saw the sunset then there was firewoks "danny"? said Sam "Yes"? said Danny "thank you for tonight". she said and she

kissed him on his cheek then they walked home "thank you for tonight again". she said and closed the front door he walked home when he walked in he had a funny look on his face "what's wrong with you"? said Jazz "I'm in love". he said and he walked to his room yes thought Danny *this was the best Valentines Day ever* and he fell back and went to sleep.

2 - Danny's new friend

It was yet another beautiful day in Amity Park Danny Fenton was at school in his home room bored wishing a ghost will come in at any time. Mr. Lancer his teacher was lecturing when a boy came in he was wearing a red jacket, grey pants, and green and black hair "kids, meet our new student Jake Long". the class clapped then he sat down and Danny whispered to him "hi, my name is Danny and these are my friends Sam and Tucker." they both waved when the bell rang it was lunch time "so, were you from?" said Tucker. Jake swallowed his bite and said "I'm from New York". said Jake "oh wow New York do they have a Nasty Bugger there?" Jake raised an eyebrow "A Nasty Bugger what now?" said Jake. "A Nasty Bugger". said Sam "I don't know what you're talking about" said Jake "well, we can go to it right now" said Tucker "sure". said Jake. and they walked out. When they were walking two guys came running out dressed in weird clothing "who are they?" said Danny "be right back". said Jake and he ran the other way he hid behind some bushes "Dragon up!" said Jake and he turned into a dragon and he flew over to the two guys "dragon!" they both yelled then their leader came out and he held something out and Jake started to fly down "I'm going ghost!" said Danny and he turned into Danny Phantom and he flew to help Jake "hey you big ugly over here!" said Danny and he blasted them the guys screamed and dropped what they were holding and Danny landed and he walked over to it he picked it up and studied it. *I wonder what it is!* Danny thought then Jake landed "destroy that thing". said Jake and Danny blasted it and it was gone. "who were they?" said Tucker coming out of his hiding place "they were the Hunstclan". said Jake "the who?" said Sam "the Hunstclan they want to destroy all magical creatures". said Jake "what was that thing that they were holding?" said Sam "that was Spinx's hair". said Jake "it makes a dragon powerless". he said then Danny turned back into Danny Fenton "you're not bad in a fight". said Danny "I had some experience with them". said Jake "you're not bad yourself". said Jake "thanks" said Danny then Danny said "let's go to the Nasty Bugger now". and they went to the Nasty Bugger when they went there they ate and they went out "so you have dragon powers?" said Danny "well, on my mom's side". said Jake "wow that's cool". said Danny "I have ghost powers". said Danny then they were going to his house "you know Jake?" said Danny "yeah". said Jake "this could turn out to be a beautiful relationship". said Danny. Jake started laughing and then Danny said "let me introduce you to my family" said Danny and they walked in. *I made a new friend today.* thought Danny and he went to Jake and he gestured him up to his room.

3 - Worst day ever

It was another day in Amity Park and Sam, Tucker, Danny and their new friend Jake were at the Nasty Burger they were eating when Tucker let out a big burp so loud that it was disgusting "Tucker"! They all said then they heard screaming in the restaurant then the lunch lady came out "great just to start off my day". Said Danny "I'm going ghost!" he said and he turned into Danny Phantom he flew over there and was going to hit lunch lady when something knocked him out of the sky it was a guy in white "we gotta do something there going to find out who Danny really is!" said Sam "I know do you think they capture dragons?" said Jake "it's worth a try!" said Tucker "then in that case, dragon up!" said Jake and he turned into the American Dragon and he flew up Danny was on the ground all curled up in a ball they were draining his powers "hey, why don't you pick on somebody your own size!" said Jake the guys just looked at him stopped what they were doing and faced Jake "me and my big mouth." said Jake then Danny's mom and dad showed up "kids back up!" said Maddy Danny's mom "we have to get Danny out of there!" said Tucker "and how are we going to that?" said Sam
