Chapter 1 - Untitled

1 - Untitled

Still enough

Although I know you're not begging

Still as the thoughts running through your mind

Still enough

Although I know you're not begging

Give me a reason to make you mine

I will devour you

Take all the pain away

I cannot stay my hand

From reaching out so that I can

Empower you

For all eternity

It seems to ease my mind

To know that you've brought

Meaning to my life

Had enough

Although I see you're not running

Still are the thoughts running through your mind

Dead to love

The path that you are now taking

Show me the reason to make you mine

I will devour you

Take all the pain away

I cannot stay my hand

From reaching out so that I can

Empower you

For all eternity

It seems to ease my mind

To know that you've brought

Meaning to my life

Run, to where the smallest ray of light will never find you

Run, to where you will not need to shield your eyes

Run, away from all the soulless, heartless fiends who hound you

Run, away and let your memories go blind, when I devour you.

I will devour you

Take all the pain away

I cannot stay my hand

From reaching out so that I can

Empower you

For all eternity

It seems to ease my mind

To know that you've brought

Meaning to my life
