1 - A boy and his new obsessions

A Pokémon trainer age of 16. After a whole year in Kanto, battling, training, and capturing Pokémon in Kanto. He finally comes back to Hoenn. Hearing about this new way of battling with Pokémon and the rise of a new sport He is in for a fantastic Adventure his name is Inu Harrlance and this is his story in the world of Pokegear.

On the S.S Anne, a boy was sitting on the railings staring off into the sunset. A black African Hoennian was wearing a black and gray hoodie , his lean body filled every inch of his clothing including his long pant legs.

Inu looked upon the horizon before him . Segulls flew above the sapphire sea, the wind was filled with the taste of saltwater. The sound of the waves crashing into the ship. and the sails flapping in the wind. Through Inu's mind he saw a world in perfect harmony.

Inu yawned and decided to walk around a bit. He was getting bored

"Come on Blackjack lets go." As he moved from the rail he felt like his legs were like jello ,woobly and unsteady. A pokemon sat on the edge right next to him. The pokemon was a small poocheyena, with a weird birthmark pattern that looks like the ace of spades.

The pokemon swiftly followed Inu as he was off into the inner part of the ship.

As Inu strolled through the halls of the ship, he pulled out a letter from his coat pocket. " I wonder why Lunarp sent me a pair skates?", Inu thought." Well, what ever the reason is I'll find out when I get done reading this letter." Inu then opens the letter. After opening it Inu then reads it.

Dear Inu Harrlance,

I hope you like the gift I just gave you. Just take it as a homecoming gift from your 2 year journey across the world. I know, I know, the gift I gave you may not make since at the moment. But when you get back to hoenn, visit me in Petalburg city. I have another surpraise for you, along with the explanation of the skates. Can't wait to see you again.

But tell then , to-ta-lu

Hugs&kisses,

Luna Picasso,(or lunarp)

"Dammit, still no answer?"Inu said to himself."Well, I guess I'll have to wait." Inu thought. Inu then puts the letter back into his coat pocket." Or do I?" Inu said in a ideal manner. Suddenly he dropped his

backback and pulled out the skates. Inu held the skates in his hand."hmm.there lighter then I expected."
Inu said with a smile. Feeling curoius he thought to himself."Hmm I wonder what these skates can
do?"Still staring at them he feels the urge to try them on. "Well, I might as well find out for myself."
