The Crash

The tallest looked around. "Well!" Purple screamed "What!"

Red asked "where is she!" The doors suddenly slid open. Guards pushed a small Irken into the room. They looked down on her. "THIS IS HER!!!!" screamed purple. "I guess!" Red sighed .He shrugged.

The small Irken stood up and said "My tallest do you need anything requiring my service!" Purple chuckled" this is the one we are gonna send!" Red sighed "State your name young warrior." "Allie, and im not young! " she stared at them and stepped forward "Excuse me but why have you sent me!" purple stood up and stated" You have prove your skill so we are sending you to a mysterious planet called Bigorphia!" Allie's eyes brightened and got wide. She was sent to a ship and given instructions for takeoff.

Two hours later Allie had a sir unit and was off.

"Ok ummmm. Ill name you.....uhhh.....Choco! Yea that was my sisters name!"

The sir jumped forward and stated "Thank you for the greatest name ever after yours, MY MASTER!!" Allie smiled "I could get used to this!"

Two months later.

Their ship was wandering in space on auto pilot. Suddenly a gigantic meteorite swept across the galaxy and in seconds it hit their ship. "AHHHHHH!!!!" Allie screamed

as their ship fell onto a strange planet called Earth.

"Choco! Where are we!"Allie quietly yelled. "We are on planet Earth."

Allie stood up and looked around.

Everything was dark and dirty!

“The ship will need some repairs Choco! I think we may be hear awhile

2 - Suspicions

Allie got out of the beat-up ship. "We might be here awhile so we'll need a disguise and home." She pressed a button on a remote and a discise choices popped up. "Ok! So What should I look like? Umm Goth!?" Choco frowned a bit "your right! Its not like me! Umm how about this!" Choco nodded and Allie stepped into a holograph maker. It closed and Allie felt a bit of pain! She then stepped out and had brown hair that went to her houlders and was wearing black caprees and a blue t-shirt with black sneakers.

Choco then stepped in and came out looking like a small black Labrador puppy with white paws.

Then she got out a cylinder that opened to a box shape. Allie looked around and saw that the other houses had some windows and kind of a curved roof.

She drew one with a small fountain in the front and put the drill in the ground. Hurry she hid behind a tree with Choco.

Just that moment a house popped up and it look like a regular blue house!

Quickly Choco and Allie silently walked into the house*with car alarm going off in the background!*

"Choco!" Choco stood up an saluted Allie. "we need to study how thesethings live so we can fit in.

get pieces to repair the ship

and.....well...we could have a little vacation!! OOHHHHH! And fun!!!"

Choco smiled and stood up slouchy to relax. " OH! And Choco!" "YES SIR!!" "Just relax and have a little fun! No more yes sir unless I say so! K!" "YES SIR!!!!.....uhhh....i mean...OKAY!"

That night Allie and Choco studied movies TV and all the language and things earth people do! "Ok! Today im starting a program called skool! It will help us fit in and maybe have some fun!"

The next day at skool.

Ms. Bitters slowly said "Class! We have a new student today. Her name is Allie." "Uhh. Hi! " Allie said trembling a bit. The class said hi and they went on studying some stupid copyright for a book that day and Allie went home.

Dib was walking out when he met Zim and they talked about Allie

Dib: so you thinking that Allies not human too!

Zim: For once Dib human I agree with you.

Dib: never again will we work together no matter what your still evil

Zim: And no matter you will always have a huge head with so little in it!

Zim snickered

That day at Allies house.

"Choco I think I need to find some cures to my weaknesses fo there are two boys who are suspicious"

So that day Allie injected a fluid in her to make her immune to water and the earth food.
