# 1 - Untitled

Real friends are rare, but true.

You don't need much friend, if your friends are real.

They will go through fire for you if it's necessary.

I don't have much friends, but the friends I have are real.

I love my friends and don't want to lose them.

I don't call names, but my true friends will know I talk about them.

I just want to say:

"Be carefull with real friend, and don't lose them."
