1 - Arrival Of The Pests

Vexx's POV

I brushed my nose and sat up, wondering why I was awake. "SIR!!!" "YEAA!" I leapt up to my feet to see who was the intruder, but saw nothing. "Hey, what's all the-" a female cat said. I snarled at her and feinted toward her, making her run. I noticed something in the corner and slowly crept toward a little pink hedgehog. She had a red and white dress, a pink headband and a red and white pair of boots. She was watching where she thought I was going, but I crept up next to her, grabbed her mouth and waist. She immediately started struggling (even though it was useless since I'm, what, twice her size?) and screaming something. Sounded like, "Sonic!" maybe? I dragged her to the couch and pushed her down.

I was about to question her when that same cat ran in, saw me, and ran out. I noticed the hedgehog trying to run away so I grabbed her and shoved her down while straddling her. 'Who are you?' my entire body asked. Her terrified eyes met mine and she asked, "Can you please get off of me?" I growled as I slipped from on her to next to her. I crossed my arms and stared at her. It took her a minute to realize what I wanted, and when she spoke she was shaking. "A-a-amy R-r-r-rose, s-s-s-sir. S-see, it's raining outside and I got lost in the storm, so I came in here, hoping to find a dry place to stay." I looked at her. 'Damn your compassion Vexx! Even after years of fighting Dark Yabu that's still your one weakness!' I mentally kicked my senisable side and came back to earth. She was squirming miserably under my harsh glare, and she did look bad. She was dry, but in a way you could easily tell she was soaking earlier. I sighed and signed toward the bed. "Are you letting me stay?" I nodded. "Are you mute or something?" I nodded again. She seemed suprised and embbarsed, but went and sat down and kept apoligizing. After I'd rummaged a pillow and some blankets up, I threw them to her. She suddenly noticed something. "Hey, if have your bed, where are you-?" But I answered her question for her by laying down on the couch with my pillow and blanket and slipping into sleep. The last thing I heard her say was, "He's stubborn, just like Sonic."

2 - The Problem

I yawned as I stretched. The storm hadn't let up just yet, so I went to take a bath. For some reason, being in a nice hot shower is the only thing that relaxes me. As I undressed, I realized that I had lost something and I had gained something. I yelled. A minute later I heard Amy banging outside the bathroom door. "Vexx! What's wrong?" she practically screamed. By now I had my clothes back on. I stepped outside and looked at the floor. She asked "What's wrong with your voice? It sounds-." but she cut off when she saw me. She took a deep breath. I knew what was coming. "Vexx! Y-y-y-you've-v-v-v-v-ve turn-n-n-ned int-o-o-o-o a-a-a-a GIRL!!" I could feel a blush coming up my face, probably a girl thing since I never blush. As I looked into the mirror, I saw I had a more girlish figure, more curves. I also saw that my eyes were softer. The blue fur under my nose had disappeared altogether and my hair was now down to my waist, although still spikey in the front and sides. "Ok..." Amy said slowly as she turned to walk out the door, "you'd better get a bath, then we can figure out-," she saw the 'Help?' stare I was giving her, and it clicked. "Right, sorry. Ok, I'll be right back, just start a bath and get undressed." As I was doing as I was told, I realized what a long day it was gonna be.....

3 - A Relaxing Bath & New Clothes

I was soaking in the bath beads Amy had put in my bath and just relaxing as Amy washed my hair. She put these weird smelling herbs on it and rinsed it out. Just as she stood to go a bat burst through the door. "Amy-" "AHH!!" Forgetting momentarily what I was doing I jumped up, slipped and ended up taking half the shower curtains with me. Amy gave a wicked smile as she noticed me looking for my clothes. "Rouge and I are going to get you some girl clothes, until then you can wear some jeans and a T-Shirt I scavenged." Her smile faded as she eyed the Asrian War Talons on my hands. "Are you sure those things NEVER come off?" I nodded. "Fine, just get dressed and stay here until we get back." I nodded, still a little off. I climbed out once they left and snagged the jeans and shirt Amy had left behind. It felt like the shirt should be on a hedgehog and the pants an echidna. Luckily Amy left behind one of her you-know-whats for me. I still felt uncomfortable. I checked myself in the mirror to fully see my new body. "I'm guessing your Vexx?" My god I nearly had a heart attack. I lashed out at a blue hedgehog, who quickly dodged. "Woa, easy. My name's Sonic. Amy & Rouge asked Knuckles and me to come watch ya. Looks like Amy gave ya Knux's jeans and my shirt." "What about my jeans?" Knuckles, I'm guessing, came in. I saw his statement was true. Sonic had on the same black shirt with HERO in big white letters that I did, and bluejeans. Knuckles had a forest-green T-Shirt on and purpleish jeans like mine. "Who ya talking to Sonic?" "Vexx, this is Knuckles, The Guardian Of The Master Emerald." He smiled at him and tried asking him what the skyblue gem in his hand was for. "Huh? What is it? What do you want?" I saw my mirror and had an idea. I walked up, breathed on it and spelled 'Gem' in the fog. "This? It's a Chaos Emerald. Why didn't you say something?" "Are ya mute or somethin'?" Sonic asked. I nodded. "Oh, sorry. I didn't mean to sound harsh or anything." I waved my hand in a way that said "Forget about it". "Hungry?" Knuckles asked. I nodded. "Then let's order us some pizza!" With that statement Sonic ran out to the living room. I followed, slightly confused. What was pizza?

4 - Pizza Good, mmm....

One we got to the 'Living Room' Sonic grabbed my phone, sense when did I have a phone?, and ordered the pizza, then rushed off and came back. He said it was Pepporni. It smelt good. Sonic showed me how to it eat it. It was good. I ate most of it, Sonic had a second one for him and Knuckles. I sat down on the couch and closed my eyes, but not before tossing the remote to Sonic. Amy and Rouge were arriving and-OH MY GOD!!! I snached the remote from Sonic and shut the TV off while rubbing my ears. Ow, that was LOUD. I glared at Sonic and threw a pillow at him.

5 - SAVE ME FROM AMY!!!!!!

Sonic was reading a Game Informer magazine on the couch and I was sifting through junk. "I'm baaaaaaaaaaaaak!!" Amy announced and walked in. My eyes widened at what she had. I dove behind Sonic, hiding with little effect behind the half-my-height hedgehog. "Try on this special dress!" I burrowed further behind Sonic. "Amy, noooooooooo." "Let me put your makeup on!" Sonic grabbed Amy. "Vexx, run." I did, and locked myself in the warp room. "That was close." Sonic had followed me in. I curled up on the bed, overwhelmed by everything that has happened, for once. I could hear Amy humming while she did chores. I curled up tighter. Rouge came in. "Hold still and let Amy put the makeup on." I say 'Or what?' with my eyes. Rouge comes over and-OMF-sits on me. "Hurry! Amy! Get over here and put the makeup on!" Sonic is rolling on the floor laughing his head off. They makeupatize me, put my hair up in a bun, tie me up, and then I'm put in a dress with Sonic's eyes shut tight cause he doesn't want to watch. GOD HELP ME!!!!!!! Sonic finally came to my rescue, and Knuckles burst in with some tomboy clothes. I curled up on my bed, happy to be out of the girl stuff, and watched Sonic play Final Fantasy X-2.
