# 1 - Untitled

Hello dear,

I'd like to talk to you

About this love we share

And what you put me through

At first maybe I was just an imperfection

All broken apart

But from your direction

I was closest to your heart

And its fine you know

How we fight and fight

And how you sink so low

But still tell me it all right

This time darling I've figured something out

That everything I think about you

Everything I think about

Isn't even true

So talk to me my dear

The only one I desire

Tell me how you want me near

My sweet pathetic liar...
