1 - Maple Island Noob Forever

once there was a Maple Story character named ToughAsSnail. Her stats were always so low that she couldn't level up to be stronger than a simple snail, so she remained on Noob Island aka Maple Island. She died several times by the blue and red snails. She couldn't even get near those big mushrooms. They would kill her in one hit! It was a tragedy! Everytime she died...which was over 1,000 times she lost all the experience she gained. The experience she gained was from the snails she could barely defeat. It was sad...she remained on lv 1 for months. She couldn't even accomplish one quest!! Not even the quiz one! She was also DumbAsSnail. As months went by...she got so frustrated that she was still wearing those same old noob clothes. By now she saw many many characters come and go. They would always talk about their Maple Dreams once they hit Victoria Island. Like I'm going to train so hard and be a Bandit Chief as soon as I can. Another person said he was going to work his way up to lv 150 no matter what it took. ToughAsSnail spoke of her dream of being able to beat one blue snail. Everyone pressed the F6 key. Then a year past, and ToughAsSnail died for the 1,000,000th time. But she didn't just rise back from the dead like she always did. She came back as the strongest character on Maple Island. Her character had died for good, but she was unstoppable. She haunted Noob Island from then on with her Beginners powers. Some characters claim they have seen her in the Broa server, walking around forever in Maple Island killing off monsters.
