1 - Intro

It was Kenchi's first pokemon adventure and professor Shin was letting people who turn 13 get a pokemon to start with.

Kenchi had an older brother that had gotten his first pokemon a year before.

His todadile was the strongest one the professor gave away, because for the first time trainers they always had a battle. His brother said he trained it good and had evolved it all the way to a Feraligator. Kenchi had chosen a pokemon he could trus a pokemon he could depend on it was rhyhorn it was a tough pokemon but then this year they didn't have the big battle but that couldn't keep Kenchi from becoming a master.

He started training like crazy and then met up with another trainer his name was Kugen he was another first time trainer so the both got tough pokemon Kugen had a machop that could do a back flip. They started battling each other after they sat down and talked a little bit Kenchi learned that kugen and him are after the same dream to become a pokemon master.

Kugen: Show Your Stuff Machop!!!

The two trainers were about to battle so they sent out their pokemon

Ryhorn and Machops moves colided and knocked each other back and both pokemon struggled to get up

Kugen: Quik Attack Machop...and then Head Butt!

Kenshi: ok try and dodge it and use Earthquake and then try Tackle again!

Ryhorn obeyed and then dodged and shook the ground knocking down Kenshi and Kugen

Kugen: Stand your ground Machop!

Kenshi: Do it Ryhorn!

Ryhorn charged at Machop but then he got covered with the broken rocks and still charged

Kugen and Kenshi: Whoa whats that?
